

Catalog Home

Welcome to the 2011-2012 Olds College Academic Calendar!

This is the third year we have placed our entire academic calendar on-line in this linkable format.

Not only will you find it easier to use, but we will also save a lot of unnecessary use of paper.

Here are a few quick links to commonly accessed areas:

- [Programs of Study](#)
- [Course Outlines/Syllabi](#)
- [Course Descriptions](#)

Admission requirements can be found by going to the program of study information page.

We welcome your feedback and comments.

President's Welcome

Welcome to Olds College!

We offer our students unlimited opportunities for learning and success, and invite you to discover what Olds College can do for you. Founded in 1913, Olds College has long provided quality education and training to launch successful careers for generations of learners. And as we draw closer to our Centennial anniversary, we remain every bit as committed to real-life, hands-on learning as we did nearly a century ago. Today, I'm proud to say that Olds College is working harder than ever to further enhance our comprehensive programming and deliver education in new and innovative ways through our newly expanded facilities.

As part of the Community Learning Campus (CLC), Olds College and partners including Chinook's Edge School Division have recently opened the Ralph Klein Centre, housing Olds High School, a Health and Wellness Centre, Central Alberta Child and Family Services, Alberta Employment, Immigration and Industry, an Integrated Career Centre and health services. Olds College is also responding boldly to student and industry needs with our new riding arena and expanded facilities within the Canadian Equine Centre of Innovation.

The CLC's offerings are rounded out by the recently completed Fine Arts and Multimedia Centre, housing TransCanada Theatre. And with our soon to be expanded Calgary Campus, we will be increasing our unique programming and learning opportunities right in the heart of downtown.

This expansion of facilities, together with the technical expertise of our partner Bell Canada, greatly enhances our world-class learning environment and creates untold opportunities for learning in our classrooms or through online courses such as our Fashion and Animal Health Technology programs. As well, the existing facilities that have helped make Olds College an educational leader are currently receiving \$5.8 million in upgrades. With the assistance of federal and provincial infrastructure renewal grants, we are ensuring that all of Olds College's instructional buildings continue to be excellent, modern learning centres.

Much of this is simply a result of remaining focused on our vision; to be the premier integrated learning and applied research community specializing in agriculture, horticulture, land and environmental management. This goes hand in hand with our commitment to the creation of centres of excellence, the furthering of applied research and an unwavering emphasis on sustainability and good regional stewardship as outlined in our business plan.

Ultimately, the focus and priority of Olds College has always been the success of our students. Our progressive approach to learning links our students with cutting-edge technology, exceptional facilities and expert instructors who are leaders in their field. We work closely with community, business and industry to continually refine our curriculum in response to industry trends, so that our students receive the skills that are in demand in the current workforce. In this way Olds College graduates are highly employable and begin their careers at the top of the list.

Each day we strive to provide the best student experiences available anywhere. Olds College is a friendly and inviting campus, with small class sizes and instructors who care. Our campus is vibrant, with dozens of student clubs and activities including recreation, competitive athletic leagues and our award-winning rodeo club. The Olds College experience is rich and rewarding, making us your home away from home.

Let us know how we can assist you, as you explore your options. The entire Olds College community is waiting to welcome you!

Dr. H.J. (Tom) Thompson
Olds College President

College Personnel

College Personnel

EXECUTIVE

Thompson, Dr. H. J. (Tom), Ed.D., B.Ed., M.Ed., **President and CEO**

Cleland, Jordan, **Vice President, Office of Advancement**

MacNabb, Stewart, C.M.A., **Vice President, Student and Support Services**

Dewling, Jason, **Vice President, Academic and Research**

Thompson, Janice, Executive Assistant to the President

Jamieson, Kim , **Executive Assistant to the Board of Governors**

Sotnikow, Jacqueline, **Executive Assistant to the Vice President - Academic and Research and**

Executive Assistant to the Vice President - Student and Support Services

Other Departments

Fullerton, Dan, M. Agr., P. Ag., Director of Business & International Development

Hoffos, Bob , B.Sc. University Transfer Liaison

Williamson, Ms Toby, Program Manager, CIRE

Abiola, Dr. Abimbola, Director of Applied Research & Lead Scientist

Bechard, Laura, Director of Calgary Campus

Reksten, Jane, Manager, Botanic Gardens and Wetland Treatment Facility

OFFICE OF ADVANCEMENT

Cleland, Jordan, Vice President, Advancement

Dixon, Barb, Executive Assistant

Overwater, Rick, Communications Coordinator

Fund Development

Risi, Ken, Director of Development

Adkens-Weiler, Charlotte, Senior Development Officer

Ingoldsby, Jim, Senior Development Officer

Viney, Karen, Data Base Coordinator

Thibault, Doreen, Secretarial Support

Marketing

Woldanski, Donna, Manager, Marketing
Page, Deidra, Graphic Design and Multimedia Coordinator
Vacant, Special Events Coordinator

BUSINESS SERVICES

Cole, Terry, Director, Business Services
Gingrich, Kristi, Payroll Assistant
Phillips, Terri, Conference Services Coordinator
Deneve, Evelyn, Conference Services Clerk
Joyes, Tracey, Accounts Payable/Receivable Supervisor
Kroetsch, Ken, Accounts Payable Clerk
Vacant, Reconciliation & Budget Coordinator
, Accounts Payable Clerk
Reid, Joyce, Payroll Administrator
Ridley, Kathleen, Bookstore Administrator
Risi, Rachel, Cashier/Accounts Receivable Clerk
Schmautz, Val, Book Buyer & Sales Clerk

HUMAN RESOURCES

McMullen, Marie, BA (Sociology), HR Dip., Director
Lobe, Anita, Human Resources Assistant
Bauer, Lisa, Human Resources Assistant
McAdam, Joanne, Human Resources Officer
Zarelli, Irene, Human Resource Officer

INFORMATION SYSTEMS SERVICES

Information Technology

Gooch, Tyler, B.Sc, Director, Information Technology
Bibeau, Peter, Network Support Specialist Diploma, Service Technician
Campbell, Darren, Service Technician
Cevrains, Shawna, CSMLT, Computer Technician Diploma, Training and Software Support Analyst
Guenther, Joe, Network Administrator
Lulchak, Dale, Database Administrator
McGee, Dennis, Systems Analyst - Enterprise Applications
Saad, Riad, Systems Administrator
Wareman, Michael, Video Conferencing Administrator
Zacharias, Jeff, Computer Management Diploma, Systems Analyst - Enterprise Computing

Library Services

Minion, Robin, M.L.S., B.A., Director
Leischner, Clara, Library Clerk
McKay, Scott, Library Technician
McKenzie, Peggy, Library Assistant
Tester, Paulette, Library Technician
Landeen, Sherry, CESD, Library Technician

STUDENT SERVICES/OFFICE OF THE REGISTRAR

Minion, Robin, M.L.S., B.A., Registrar/Director-Student Services
Barbas, Gloria, Sec. Arts Cert., Administrative Assistant
Coonfer, Kathy, Curriculum Administrator
Latimer, Nancy, Continuing Education Administrator
McNaughton, Rhonda, Sec. Arts Cert., Student Services Officer
Cox, Danielle, Continuing Education Registration Assistant
Notley, Sharon, Sec. Arts Cert., Student Services Officer
Poulsen, Cheryl, Sec. Arts Cert., Student Services Officer
Vitanov, Ceri, Associate Registrar, Systems & Research

STUDENT RECRUITMENT

Suderman, Jeff, M.A., B.A., Director, Student Recruitment
Arnold, Cheryl, Production Coordinator/Graphic Artist
Czarnota, Henry, Green Certificate Regional Coordinator, FOIP Coordinator
Mackie, Lawna, Administrative Assistant
Ross, Stephen, Webmaster/Coordinator
Griffin, Sandra, Student Enrollment Administrator
Knight, Olivia, Student Services Officer, Temp.
Scott, Cathy, Student Awards Administrator
Turnbull, Jody, B.P.E., Student Services Officer
Rovensky, Bobby-Joe, Student Enrollment Officer
Watt, Shelley, Reception/Switchboard
White, Tori, Student Enrollment Officer
Yuha, Theresa, Student Enrollment Officer

CAMPUS LIFE

Residence Life

Wagstaff, Doug, Supervisor, Campus and Residence Life
Guthrie, Alison, Housing Officer
Kelly, Christina, Housing Receptionist
Nelson, Jodi, Nurse

Health & Wellness Services Athletic Department

Lendvay, Greg, B.Ed., Director
Ehmann, Brittany, Recreation and Fitness Programmer
, Recreation and Athletics Programmer
Murray, Bob, Recreation and Athletics Programmer
Riemersma, John, Recreation and Athletic Programmer
Carrick, Reg, Athletic Programmer

ACADEMIC DIVISION

SCHOOL OF BUSINESS

Morgan, Ross, ,MB, M,Ed, Chair
Steckly, Heather, Administrative Assistant
Loshny, Lorrinda, M.A., B.Ed., Dip.Ed., Instructor
Ulry, Gloria, M.Ed., B.Ed., Coordinator, General Studies, Instructor
Fournier, Heidi, MDE., Instructor

Apparel Technology

Laflamme, Robert, Dip. Tailoring, Program Coordinator
Sorestad, Lisa, Instructor
Kemp (Switzer), Lori, Dip., Instructor
Curr, Shirley, Dip. Fashion Production, Instructional Assistant
Walsh, Brandy, Fashion Instructor

Bachelor of Applied Science – Agribusiness Major

Couture, Larry, MBA, B.A., B.Sc.,
DesJardins, Marnie, BAHT, Dip. Hort., Jnm.. Lscp. Grdnr., Instructional Assistant
Mellan, Jim, Ph.D., Instructor

Fashion Marketing

Blackburn, Anne, B.A., Instructor

Fashion Marketing - Calgary Campus

Hood, Louise, Program Coordinator
MacNeil, Lynda, B.A., Dip. Visual Merchandising Arts, Instructor
Howard, Leslie, Instructional Assistant/Administrative Assistant

Land Administration

Billings, Kristine, Dip. Land Agent, Land Admin. Major, Instructor
Woods, Anne, Service Worker
Lloyd, Tara

Office Administration

Maloney, Carmel, M.A(Ed), Program Coordinator
Taylor, Heather, Business Education Cert., Cdn., Payroll Assoc. Cert., Instructor

Business Administration

Stephenson, Geoff, CGA, BBE, BSc., Coordinator
Beatty, Jim, MBA, Instructor
Couture, Larry, MBA, B.S.A., B.Sc., Instructor
Mellan, Jim, Ph.D., Instructor

Continuing Education Programming

Pahl, Otto, B.Ed., Continuing Education Coordinator

SCHOOL OF AGRICULTURE

Anderson, Marion, DVM M.Sc.
Harper, Bill, Administrative Assistant
Letourneau, Joanne, Administrative Assistant

Farrier Science

Sinclair, Dean, CJF, AHT, Program Coordinator
Hitchner, Rob, CJF, Instructional Assistant
Kremp, Kris, Assistant

Agricultural Management

MacDonald, Tanya, Dean, School of Agriculture
French, Neil, M.Sc.Ag., B.Sc., Program Coordinator
Archibald, Barb, B.Sc. Ag., Instructor
Bluck, Laura, Instructional Assistant
Burton, Connie, B. Sc. Ag. Instructional Assistant
Checkel, Laurie, Dip Land Reclamation Major, Instructional Assistant
Dowell, Brad, M.Sc., B.Sc.Ag./Dip. Ag., Instructor
Fulkerth, Chris, B.Sc. (Bio) Dip. LRM IPM, P.Ag, Instructor
Johnson, Peggy, B.Sc. (Ag), A.H.T. Dip., Ag. Dip., Instructor
Laursen, Lorrene, B.A. (Hons), ACA, Instructional Assistant
Payne, J.C. (Jack), BSc, BSA, Instructor
Ryning, Ken, M. Ag., B.Sc., Instructor

Animal Health Technology/Veterinary Medical Receptionist

Taylor, Becky, AHT, Program Coordinator
Barkowski, Veronica, DVM, Instructor
Bjolin, Dave, DVM, Instructor
Clouston, Misty, AHT, Instructional Assistant
Eliason, Corinne, DVM, Instructor
Herman, Heike, AHT, Instructional Assistant
Lesnick, Karen, AHT, Instructor
Lind, Jackie, AHT, Instructional Assistant
Scott, Darla, AHT, Instructor
Wahl, Christy, AHT, Instructional Assistant

Equine Science

Anderson, Marion, DVM, M.Sc., Program Coordinator
Basford, Lauren, Equine Science Diploma, Instructional Assistant
Chalack, Cathy, B.Ed., Instructor
Johnston, Wendy, B.Sc., Equine Science Diploma, Instructor
Wright, Joanne, AHT, Instructional Assistant

Meat Processing

McLeod, Brad, Program Coordinator
, Instructor

Continuing Education Programming - Animal Science

Fournier, Mark, Continuing Education Coordinator

Olds College Farm

Hamilton, Trevor, Manager, Olds College Farm
Rutherford, Andrea, Service Worker

SCHOOL OF ENVIRONMENT

Peters, Doug, MSc, B.Sc., Chair
Rice, Bonnie, Administrative Support, Financial
Sanderson, Kathy, Administrative Assistant, Academic

Landscape Gardener Apprenticeship (LGAP)

Morton, Darlene, Hort. Dip., Jnm., Lscp. Grdnr., ISA Certified Arborist, Buckner/Faller, Program Coordinator
Schill, Anita, Instructor

Environmental Horticulture -

Fry, Ken, Ph.D., B.Sc., M.Sc., Coordinator,

Land and Water Resources

Souster W.E. (Bill), M.Sc., B.A., B.S.A., P.Ag., Coordinator
Toews, Ed, M.Sc, B.S.A, P.Ag, Instructor
Johnson, David, M.Sc., B.A., B.Ed., Instructor
McKnight, Murray, M.Sc., Dip.Ag., B.A., Instructor
Simpson, Lisa, B.Sc., Dip Land Reclamation Major, Instructional Assistant
Tompkins, Darrell, Ph.D., B.Sc, M.Sc., Instructor

Production Horticulture Diploma **B.App.Sc. - Production Major**

Johnston-Berresford, Peter, M.Sc., B.A., B.Sc., Cert. Lscp.-Greenskeeping, Cert. Greenhouse-Nursery, Greenhouse Facility Manager, Program Coordinator

Turfgrass Management Diploma Program **B.App.Sc. – Golf Course Management Major**

Moroz, Dave, M.Sc., B.Sc.Ag., Program Coordinator

Instructional and Support Staff

Lavoie, Angelina, Dip. Hort., **Service Worker**
Berggren, Jack, Jnm. Lscp. Grdnr., Dip. Hort., **Instructional Assistant**
Daley, Wendy, Dip. Hort., Jnm. Lscp. Grdnr., **Instructional Assistant**
Doolaage, Annelise, B.Sc. Ag., **Instructor**
Gilchrist, Gordon, Dip. Ag. Prod., A.M.E., **Instructor**
Goddard, Kim, Dip. Hort., **Instructional Assistant**
Hoffos, Bob, B.Sc., **Instructor**
Koch, Gord, L.A.T., **Instructor**
Moore, Ken, Dip. Hort., ISA Certified Arborist, **Instructional Assistant**
Morrow, Ian, Dip. Hort., CGIA, **Instructor**
Mpofu, Sima, Ph.D., B.Sc., M.Sc., **Instructor**
Newsham, Laurie, B.App.Sc., Dip. JADM., Dip. BM., Jnm. Lscp. Grdnr., ISA Certified Arborist, **Instructor**
Pick, Jason, B.App.Sc., ODH, GCS, **Instructor**
Schill, Anita, P.Ag., B.Ed., ISA Certified Arborist, Jnm., Lscp. Grdnr., ASCA Registered Consulting Arborist, Certified Tree Risk Assessor (B.C.), **Instructor**
Storm, Kelly, Jnm. Cert. LGAP, **Instructional Assistant**
VandenDool, Wilma, **Service Worker**
Warke, Terry, Dip. Business Admin., Jnm. Lscp. Grdnr., **Instructor**
Wickwire, Kim, Cert. Flor., Dip. Hort., **Instructor**
Wideman, Noel, Hort. Dip., ISA Cert. Arborist, **Instructional Assistant**

Continuing Education– Horticulture

Moore, Marilyn, BAHT, **Program Manager**
Herspiegel, Melanie, **Project Assistant**
Overwater, Tina, **Project Assistant**

Continuing Education - Land

Block, Mary Jane, Bach. of App. Integrated Environmental Mgmt. (B.A.I.E.M.), Certified Program Planner,
Dip.LRM, **Program Manager**
Roth, Michelle, **Clerical Assistant**

SCHOOL OF TRADES AND CAREER STUDIES

Daley, Dan, Dip. Ag. Mech., H.D. Jnm., **Chair**
Clausen, Lindsay, **Administrative Assistant**
Rockwell, Deb, **Office Assistant**

Agricultural and Heavy Equipment

Smyth, Keith, Ag. Mech. Jnm., HE Off Road Jnm., Program Coordinator

Code, Lorne, Dip. Ag. Mech., H.D. Jnm., Instructor

Brown, Terry, H.D. Jnm., Inst. Dip., **Instructor**

Marshall, Stan, Ag. Mech. Dip., **Instructional Assistant**

Notley, Rob, Ag. Mech. Dip., **Instructional Assistant**

Statham, Lyle, H.D. Jnm., Ag. Prod. Dip., Ag. Mech. Dip., **Instructor**

Apprenticeship Programs

Jordan, Tony, Jnm. Welder, Jnm. Millwright, **Program Coordinator**

Agricultural Equipment Technician (AET) and Heavy Equipment Technician (HET) Apprenticeship

Jordan, Tony, Jnm. Welder, Jnm. Millwright, Coordinator

Ahner, Gord, H.D. Jnm., **Instructor**

Fincaryk, Jim, H.D. Jnm., **Instructional Assistant**

Fisher, Dana, H.D. Jnm., **Instructor**

Hallett, Gene, H.D. Jnm., Auto. Jnm., **Instructor**

Heaton, Bruce, H.D. Jnm., Auto. Jnm., **Instructor**

Laursen, Cliff, H.D. Jnm., **Instructor**

Schell, Mike, Ag. Jnm., H.D. Jnm., **Instructional Assistant**

Smit, Will, Dip. Ag. Eng., Ag. Jnm., H.D. Jnm., **Instructor**

Carpentry Apprenticeship

Nelson, Russ, B.Sc. (Ag.), P.Eng., Jnm. Carp., **Instructor**

Code, Lorne, **Instructor**

Transitional Vocational

Luxen, Diane, B.Community Rehab., **Instructor**

Savage, Rann-Dean, B.Community Rehab., **Instructional Assistant**

Welding Apprenticeship

Parker, John, Jnm. Welder, Jnm. Machinist, **Instructional Assistant**

General Admission Policy

General Admission Policy

Olds College will accept an Alberta high school diploma or its equivalent. Its equivalent is deemed to be the appropriate certification for high school learning in secondary education systems outside the Province of Alberta or academic upgrading received in post-secondary institutions within or outside of the Province of Alberta.

Wherever a Department of Education records grades from both a teacher's or institution's evaluation and a department-administered examination, Olds College will accept the combination of the two referred to as the blended mark.

Admission Categories

For admission and registration purposes, fee assessment and other purposes, students are classified as follows:

STANDARD ADMISSION

Standard Admission refers to students who hold or expect to hold, before registration, a High School Diploma and meet all other specified admission requirements for their chosen program.

NOTE: Official or final high school transcripts will provide proof of high school diploma attainment in most provinces.

ALTERNATE ADMISSION STATUS

Alternate admission status applies to applicants who do not meet the high school requirements of the program to which they are applying and to applicants who received their high school education through home-based learning.

Alternate Admission Status students:

- May be required to meet specific program admission requirements
- Will be admitted based on the approval of the Program Coordinator and the Student Recruitment Office

To apply under alternate admission status applicants must submit the following:

- A transcript(s) showing any completed high school and post-secondary courses
- A statement in support of your application outlining aspects of your background and experience that might have prepared you for the program.
- Documents such as a resume, letters of reference from previous educators or employers, or a portfolio of related academic/project work must be included with your application.

Students entering under this category are strongly recommended to register for STDY100 – College Success Skills held the week before classes begin in the Fall.

For registration information on College Success, please contact a Student Services Officer at 1-800-661-6537.

EXCHANGE STUDENT STATUS

Exchange students who are accepted in an exchange program authorized by Olds College are not required to meet any Olds College admission requirements, because they meet the admission requirements of their home college.

CITIZENSHIP STATUS

- Canadian citizens or permanent resident students are defined by Canadian immigration laws.
- International students are neither Canadian citizens nor permanent residents (formerly known as landed immigrants) of Canada.

REGISTRATION STATUS

- New students are those registering for the first-time in a regular Olds College program.
- Continuing students are those re-registering after being registered in the previous semester in the same program.
- Returning students are those re-registering after missing one or more semester(s) in the same program.

TIME STATUS

- Full-time students are those taking nine or more credits within an academic semester.
The Fall and Winter Semesters are 15 weeks each.
- Students receiving student loans should work closely with their program coordinators to ensure their full-time status is retained when scheduling classes.
- Part-time students are those taking 8 credits or less within an academic semester.

EARLY ADMISSION

Applicants who demonstrate a likelihood of meeting admission requirements but have not yet provided final documentation for some admission criteria (e.g. final grades or documentation) may be admitted under early admission status. Interim documentation of coursework is required and should show a list of courses completed as well as courses the applicant is currently enrolled in. Olds College will conduct a review for final admission once an official transcript is provided showing the student has met all specific program requirements.

TUITION DEPOSITS

Tuition deposits are required for most Olds College programs. (Exception: Academic Upgrading & Transitional Vocational Program. Deposits are credited to students' accounts.

OVERSUBSCRIBED PROGRAMS

All qualified applicants will be admitted wherever possible. However, possession of the stated requirements does not in itself guarantee admission to the college. Those applicants not selected because of over-subscription will be placed on a wait-list until such time as a vacancy becomes available.

General Academic Information

General Academic Information

Course Outlines

Students are encouraged to access current and complete course outlines online at <http://www.oldscollge.ca/programs/CourseOutlines/index.htm>

Instructors must distribute written course outlines to each of their students during the first three days of a course.

The course outlines includes:

- General information including the course abbreviation and number, credit hours, course title and prerequisites and/or co-requisites, a description of competencies to be gained through successful completion of the course and an overview of content
- List of required texts and types of materials and equipment students are expected to acquire
- A list of resource materials students are expected to use
- A list of major assignments to be completed in the course and the weighing of each toward the final grade
- A list of all examinations to be completed in the course, their approximate dates and the weighting of each toward the final grade
- Designation of “SUP” if Supplemental Evaluation available
- A list of field trips and costs anticipated during the course
- The grading scheme to be followed in determining the final grade
- The consequences to students for failing to fulfill any course requirements
- Any specific attendance/participatory requirements

Instructors are responsible for following the course outlines they have distributed. The instructor will inform students of any changes from the course outline. Students who are concerned about deviations from the distributed course outline should follow the College Academic/Behavior Appeals Policy.

Students are responsible for fulfilling the course requirements as specified in the distributed course outline.

Campus Life

Campus Life

Students are the lifeblood of Olds College!

The services we provide enhance your stay at Olds College.

On-campus housing just makes sense!

FRANK GRISDALE HALL

Living on-campus allows students to save valuable time and allows convenient access to classes, faculty, library and the many services provided on-campus. Living on-campus is an easy way to make friends, become involved in extracurricular activities and live an unforgettable experience. We offer an invaluable built-in network of supports, experience and encouragement to help students succeed while at Olds College.

<http://www.gobroncos.ca> Our resident assistants are campus leaders in other significant ways as well. They contribute to the community through a variety of projects and initiatives such as Christmas Angels, food drives, fund-raising events for charities and environmental initiatives. The Residence Life program provides many opportunities for students to become involved in the residence community. On-Campus Housing in Frank Grisdale Hall offers you more.

Frank Grisdale Hall includes the main cafeteria, gymnasium, Health Services and Campus Security. Time Square is the gathering area in the main foyer; and has wireless internet and a cozy fireplace for students to enjoy.

Olds College Residence strives to accommodate the individual lifestyle needs of our clients. Residents can choose accommodation on floors ranging from active to 24-hour quiet, as well as cable rooms all in a smoke free facility. Students share a dorm style room with another student; however a limited number of single rooms are available.

Each dorm room includes a bed, desk, chair, dresser, closet and bookshelf for each student. Students can make arrangements for telephone or Internet service. Men's and Women's washrooms are located in centralized areas on each floor. Campus Security personnel monitor the Residence from 4:00 p.m. until morning and 24 hours during the weekends.

Students get healthy convenient meals. Just think...no grocery shopping, no preparation and no cleanup after meals. The Fitness Center is only steps away with recreational programming and all this is located only 200m away from the Olds Aquatic Center. Students living on-campus have everything literally at their door step.

Students who live in Frank Grisdale Residence are required to be on a meal plan. Frank Grisdale Hall is not designed to equip 400 plus students to cook independently as the fully furnished dorm rooms do not have kitchen facilities and consequently students are offered a room and board program.

For details on the dining program developed for students living in Frank Grisdale Hall please contact the Housing Department directly at (403) 556-8375 or housing@oldscollege.ca

Please refer to the Residence Fee Schedule for your individual program/residence costs included in your acceptance package. For details of housing options on-line visit www.oldscollege.ca/studentresidence/ where an on-line fee schedule can be downloaded, or call (403) 556-8375.

TOWNHOUSES

Priority for the townhouses is given to second-year students. Each townhouse includes four single bedrooms, two bathrooms, kitchen, living room and utility room/storage area. Each unit is fully furnished with a stove, fridge, washer and dryer, freezer, living room furniture, kitchen table and chairs. Each bedroom has a bed, desk, closet, chair, bookshelf and cable outlet. Each bedroom also contains two telephone jacks. Students who live in a townhouse have kitchen facilities to prepare their own meals. Students who live in the townhouses are required to sign a license agreement prior to move-in of either 6, 7 or 8 months in length.

For details on fees for students living in the Townhouses please contact the Housing Department directly at (403) 556-8375 or housing@oldscollege.ca

APPLICATION FOR ON-CAMPUS HOUSING

A housing application form along with more detailed information regarding living on-campus will be sent to students once they have been accepted into an academic program. The housing application must be completed and returned with a \$200.00 performance deposit. All students who live on-campus are also required to pay a \$15.00 Residence Life Fee per semester.

Rates quoted are proposed rates for the 2009-2010 academic year and may change without notice.

CANCELLATIONS

If a student cancels their housing application at least 30 days prior to the start date of their academic program, a refund of \$150.00 from their \$200.00 performance deposit will be returned to them. If a student cancels the housing application less than 30 days prior to the start date of their academic program, a refund of \$50.00 from their \$200.00 performance deposit will be returned to them. If a student does not notify residence prior to their scheduled move-in date they will not receive a refund from their performance deposit.

To cancel please contact the Housing Office directly at (403) 556-8375.

Students are encouraged to apply for on-campus accommodations as soon as possible to ensure that room is available.

For further information about on-campus housing, contact our Housing Office at (403) 556-8375, visit www.oldscollege.ca or E-mail: housing@oldscollege.ca.

FOOD SERVICES

Grisdale's Dining Hall located in the main residence building Frank Grisdale Hall, features a wide selection of breakfast items, salads, homemade soups, grill items, sub-sandwich bar, pizza, hot entrees, desserts and a wide selection of beverages. Students who live in the townhouses or off-campus can pay for items on a cash basis or can purchase a food card. Students who live in Frank Grisdale Hall are required to be on a Residence Meal Plan (see housing section). A smaller cafeteria is also located in the Land Science building. For further information about food services, please contact the Housing Office at (403) 556-8375 or e-mail: housing@oldscollege.ca.

CAMPUS BOOKSTORE

The Olds College Campus Bookstore is located just below the Library, carries everything from quality books and course materials to stationary supplies, gifts, greeting cards, confectionery items, magazines, Olds College souvenirs and clothing. The Bookstore is arranged by program area to make it easy to find supplies and course materials. The Bookstore staff are on-hand for friendly advice or direction on the vast inventory they have accumulated. Payment options include cash, cheque, Visa, Master Card, or Interac. There is a book buy-back program at the Bookstore at the end of each semester to provide students with the option of selling used textbooks back for cash.

Hours of operation are:

Monday – Thursday: 8:30 a.m. – 5:30 p.m.

Friday: 8:30 a.m. – 4:30 p.m.

Please contact (403) 556-4630 for more information.

CAMPUS RECREATION

PLEASE SEE ATHLETICS AT <http://www.gobroncos.ca/>

CLUBS

There is a wide selection of clubs at Olds College which are run through the Students' Association. If you don't find one to interest you, start your own! Program clubs like the Ag Mech, Fashion, Turf, Land Agent, etc. offer opportunities to get to know your classmates, share industry information or raise funds for special club events. Sports enthusiasts can join the Snowriders Club or the Rodeo Club (which competes at the intercollegiate level) etc. Other clubs include the Intersarsity Christian Club, 4-H Alumni Club, International Club, World Culture Club, Ecological Preservation Society, Rainbow Pride Club, and the Judging Club. The Judging Club has been very successful in provincial and national judging competitions. Some scholarships are available as a result of participation in such clubs.

OLDS COLLEGE STUDENTS' ASSOCIATION (OCSA)

OCSA is your association. Run by students – for students. Every on-campus student who pays fees or has fees paid for them for credit courses are automatically members of the Students' Association. This fee provides financial support for the administration of all Olds College Students' Association activities and operations. These fees are collected by Olds College for the Olds College Students' Association.

Our purpose is to provide a voice for students within the College through student representation on several College committees, and with the provincial government through the Alberta Colleges and Technical Institutes Student Executive Council (ACTISEC). We also offer information and assistance on any educational issues that may affect you on campus. Cultural awareness activities such as Alcohol Awareness Week, Christmas Angels Society, Campus Safety, etc., as well as a full range of social events put on by the clubs and the Association are provided. Some of the publications we offer are the annual yearbook, the student newsletter – Grass Roots, the campus daytimer/handbook and an Off-Campus Housing List.

Elections for President and Executive – Academic, Activities and Campus Life Vice Presidents – take place each spring. Program Representatives are selected to sit on the Student Board of Directors by the students in their program area each fall.

OCSA STUDENT HEALTH AND DENTAL PLANS

As a full-time Olds or Calgary campus student you will be automatically enrolled in and charged for the health and dental insurance plan. These fees are collected by Olds College for Great West Life Insurance who provides this coverage. The plan will give you a full year's coverage from the start date of your program. If you already have coverage you can either use this program to enhance your existing coverage or request to waive the benefits, in which case a waiver form must be completed and received by the applicable deadline with documentation of alternate coverage. Documentation of alternate coverage could be a copy of your current policy membership card, current claims statement, pay direct drug card or verification letter from an employer clearly showing the name of the insurance company and the policy number.

Students on the plans may purchase coverage for a spouse and/or dependents. The family add-on form and payment of the additional fees must be submitted prior to the applicable deadline.

Check the Website:

www.gallivan.ca/studentnetworks/members/ocsa for additional information regarding deadlines, plan details, to print a waiver form and to learn where to go on-campus for assistance.

Health and Wellness Services

Our Registered Nurse, located Health Services department , Frank Grisdale Hall Residence assists students in maintaining a high level of physical and mental wellness. Services include initial care for injuries and illnesses as well as health, wellness and lifestyle counseling and programs. The Nurse also coordinates appropriate community referrals in order to provide further physical and mental supports for students.

Vocational Counseling

Faculty and program coordinators provide students with first level vocational counseling. Student Services Officers in the Registrar's area can also be consulted regarding alternate Olds College program offerings.

If additional vocational counseling is required, students should visit the Ralph Klein Centre located at the south end of campus houses. It houses Alberta Employment and Immigration (also known as Alberta Works) and an Integrated Career Centre that offers community based services and referrals for Olds College students.

PARKING

We provide approximately 1,300 parking stalls across campus, (with and without plug-ins) which are shared equitably between students and staff. Parking permits are issued on a yearly basis and an annual charge is applied at the time of registration. Accepted students will be provided with parking regulations, map and an application form for parking and are encouraged to apply as soon as they receive their application. Parking regulations are always available at the Information Kiosk in the Duncan Marshall Place building. The map on page 4 clearly outlines the parking lots and how they are designated. It is a student's responsibility to be aware and adhere to the parking regulations. Parking fees are collected by and for Olds College.

CAMPUS SECURITY

Olds College offers a relaxed, secure and friendly environment. To ensure it stays that way we provide security with Commissionaires headquartered in the Frank Grisdale Hall Residence (403) 556-8224. They make patrols and will accompany you to your vehicle at night.

TOWN OF OLDS

Olds is located on Highway 2 less than an hour north of Calgary and just an hour and a half from Banff in the heart of the Canadian Rockies. Edmonton is about a two-hour drive with Red Deer only 40 minutes away. Some of the major connecting highways include Highway #27 (east/west), Highway #2 and #2A (north/south) and the Trans-Canada Highway #1 is 40 minutes away. There is a Greyhound bus station and you can also consider carpooling.

Recreational facilities include two indoor ice surfaces, **three** fitness centres (one on-campus), two riding arenas (one on-campus), a bowling alley, curling rink, ball diamonds, soccer field, horseshoe pits, 18-hole golf course (five others within a 20 minute drive), tennis and basketball courts and an indoor pool. There is also Junior "A" hockey at its finest with the Olds Grizzlys, movies at the downtown theatre and billiards. Olds also offers saloons, dance and night clubs and a wide selection of lounges.

Olds offers three drugstores, three major supermarkets, two 24-hour convenience stores, clothing stores, jewelry and gift stores, **Walmart and Canadian Tire**, specialty stores and boutiques. There are over 20 restaurants and fast food outlets including Wendy's, Tim Hortons, McDonalds, A & W, Dairy Queen, Quiznos, Subway and Boston Pizza. Olds is a friendly, small town that offers the best of urban living in the heart of the country.

CONFERENCE SERVICES

Consider Olds College for your next conference or meeting.

The success of your conference or meeting often depends upon the excellence of your surroundings and the enjoyment of your delegates.

Olds College offers its beautiful campus as your next meeting place. Many conference organizers have found the relaxing atmosphere, the college environment and the rural setting an invigorating change of pace from urban life. Consider Olds College for your next religious gathering, sport camp, family reunion or meeting.

Our past guests have generously praised us for:

- **The relaxing, small town atmosphere**
- **Our friendly, helpful staff**
- **Our residence**
- **Our ability to keep your costs to a minimum**
- **Our attention to the smallest details for your comfort**
- **Great food and facilities**

We also offer several unique features:

- **The summer favourite – picnic in our gazebo or barbecue in the Atrium**
- **Botanical Garden**
- **Townhouse units**
- **Town of Olds Aquatic Centre**

Our facilities at your disposal:

Student Alumni Centre seats several hundred and is admirably suited for banquets or meetings. Meeting rooms are available for groups from 2 – 500 people with the latest in audio-visual and equipment. The residence accommodates 485 (based on double occupancy). The cafeteria prepares home-style meals at an affordable cost with special services for catering to banquets, picnics, barbecues, and a variety of receptions. The townhouse units are fully self-contained four bedroom units.

If you or your group are interested in our small, relaxing, centrally located campus, the Coordinator of Conference Services will be glad to answer your questions and provide information on our costs. Simply phone or write:

**Conference Services
Olds College
4500 - 50th Street
Olds, AB T4H 1R6**

**Phone: (403) 556-8330
E-mail: conferenceserv@oldscollege.ca**

Olds College Fees and Refunds

Olds College Fees and Refunds

Tuition and Fees for 2011/2012

Fees for Instruction
Students' Association
OCSA Building Fund
Total per Credit approximately \$150.00

**Note: A detailed fee schedule will be available in early Spring. .*

Visit the Olds College website at www.oldscollege.ca/fees for a detailed Fee Schedule for each program.

Fees for Instruction

Olds College is authorized by the Provincial Government Post Secondary Learning Act [Sec. 61(1)] and the Tuition Fee Policy. It refers to monies paid by students to attend college for which they have the right to receive instruction in the program in which they are admitted and the right to access those services and materials provided by the college to all students, irrespective of the program choice. The fee also provides for the students' portion of the cost of disposable materials supplied in their program as well as transcripts and orientation materials.

All students accepted for admission into the college will be required to remit total tuition and fees payable for their first semester on or before Registration Day. (See Registration Procedures) Fees for the second semester (Winter) are due on the deadline date provided by the Registrar's Office. (See Late Payment Fees) No exception is made for students awaiting student loans.

Students being sponsored by an accredited agency [i.e.: Human Resources Development Canada (HRDC), Disability Related Employment Supports program (DRES), Workers' Compensation Board (WCB) etc.] require a letter of commitment from the agency to the college prior to registration.

Non-payment of outstanding tuition, residence and other college fees may result in a termination and is non-appealable.

Additional Course Costs

For first year students, to be considered a full-time student (new curriculum), you must be taking a minimum of 9 credits per semester with the exception of Advanced Farrier Science Students completing their second year courses (old curriculum) 18 credits is considered full-time status. Some programs may require the purchase of additional materials (i.e.: costs for developing and preparing modules; veterinary supplies required for the course) which are over and above those covered by the "Fees for Instruction" (see above). These fees are itemized on the back of the fee schedule and rolled up into one fee on the front of the fee schedule which is available on the Olds College website www.oldscollege.ca/fees.

For students who apply for student loans the total 'additional course fees' must be clearly indicated as they become part of the required fees thus part of the student loan.

Tuition Deposits

All Olds College programs require a tuition deposit to confirm enrollment (Exceptions are Academic Upgrading and Transitional Vocational Program).

Late Payment Fee

Tuition and residence fees must be paid by the due date. An Olds College fee of \$50.00 charge will be levied if the tuition and/or residence fees are not paid by the due date provided. No exceptions will be made for students awaiting student loans.

Wellness Fee

Olds College and the Students' Association collectively received approval to assess a Wellness Fee of \$84.00 per Semester to all full-time students. This fee is for the purpose of providing improved recreation facilities and programs for the future.

Service Fee

This Olds College fee is assessed at \$15.00 per semester to all full-time students and is for the purpose of supporting administrative and printing costs which are increasing yearly.

ID Card Fee

All students will be assessed an annual Olds College fee of \$10.00 for their identification card. Replacement cost for a lost or stolen ID card is \$20.00.

Olds College Students' Association Fees (OCSA)

OCSA is authorized under the Post Secondary Education Act to collect fees which are intended to provide financial support for the administration of the Olds College Students' Association activities. It also provides a student voice to the government and to various College and Student Committees including the Olds College Board of Governors. It also helps to produce the student day timer, student newspaper "Grass Roots" and other student publications. These fees are collected by Olds College for the OCSA.

Student Health and Dental Plan

The Health and Dental Plan Fee is payable with your tuition fees and will provide a year's coverage. The Student Benefits Plan is designed to supplement basic healthcare provided through the province. The student plan does not replace or cover the cost of Alberta Healthcare or any other provincial healthcare provider. This mandatory fee is student loan eligible. If the student is covered under another plan they may opt out of this plan, proof of registration in the other plan is required.

Building Fund Fee

This fee provides financial support for the operation of the Student Alumni Centre and for new capital projects. This fee is collected by Olds College for the Olds College Students' Association.

Yearbook Fee (optional)

A yearbook fee of \$30.00 (includes GST) per year is levied for most full-time students and entitles them to receive a yearbook. Part-time students (registered in less than 18 credits or less than 9 credits in new curriculum) may purchase a yearbook by contacting the Olds College Students' Association. A yearbook fee is not charged for Calgary Campus programs, Transitional Vocational or Academic Upgrading program. This fee is collected by Olds College for the Olds College Students' Association.

Program Material Costs

Costs of books, supplies and materials for the various programs are estimated on the Fee Schedule.

Students specializing in Agricultural & Heavy Equipment will be required to have a hand tool set. Tool lists are available from the Registrar's Office.

Field Trips

Students should be prepared to pay incidental expenses on field trips and should confirm the actual costs before applying for a student loan. Olds College may collect a field trip fee if applicable to the program.

Transcript of Marks

Requests for additional copies of an "Official" transcript mailed directly to the institution or agency will be mailed from the Registrar's Office upon receipt of a written request signed by the student identified with that record and the Olds College processing fee of \$5.00 per copy. (Note: five copies = \$25.00). Students must specify required quantity on the written request. The college transcript will record the entire academic achievement of each student. Unofficial transcripts are available on-line at the student's MyOldsCollege account.

Student records will only be released to other persons or institutions upon receipt of a specific request in writing from the student.

NOTE: All academic credentials and parchments will be withheld until all indebtedness to Olds College has been cleared (see Indebtedness)

Residence and Meal Plan Fees

RESIDENCE FEES

Students living on-campus will be assessed Olds College residence fees according to the fee schedule below.

When applying for residence a reservation deposit of \$200.00 is required. Once the Residence Contract is signed, the reservation deposit becomes a performance (damage) deposit. Damages over and above the deposit will be assessed where warranted. Students withdrawing from residence are subject to the terms of the Residence Contract.

An additional Residence Life fee, (Olds College Students' Association (OCSA) fee) of \$15.00 per semester, per resident, is also levied. This entitles residents to access Residence Council services. More specifically, this Association fee is used to help fund residence life activities and to pay for the student use of TV's, VCR's, ironing boards and irons, etc. and effective community programming

FRANK GRISDALE HALL

Approximate costs of room and board for Frank Grisdale Residence (based on an eight-month academic year) ranges from \$5424 to \$5688 (without cable) depending on which food plan and type of dorm room chosen. All accepted applicants will be provided with a detailed information package for the current academic year. Please contact the Residence Office at (403) 556-8375 for specific information.

TOWNHOUSES

Priority for the units will be for second-year students. If space is available, first year students may be offered this option.

Townhouse Fees: (This is a lump sum payment.)

\$2,880.00 approximately for 6 months

\$3,235.00 approximately for 7 months

\$3,360.00 approximately for 8 months

Total performance deposit for Townhouses is \$300.00 and a deposit of \$300.00 is due with application.

Students who withdraw without providing appropriate notice automatically forfeit any right to a Performance Deposit refund.

Other Ancillary Fees

1. **International Student Fees for Instruction**

International students pay a fee differential equal to one and one half times (1.5 x's) the normal fees for instruction for their program of studies.

2. **International Visiting Student**

International Visiting Student Fees for Instruction differential equals one and one half the normal fees for instruction for their program of studies.

3. **Auditing a Course Normal**

Course Fee – based on per credit basis. International fee differential applies.

4. **Challenge Examination Fee**

\$50.00 non-refundable

See Challenge Examinations under the Prior Learning Assessment and Recognition Policy for Ag Finance Certificate: \$20.00 per credit per course

5. **Deferred Final Exam**

\$20.00 per exam

6. **Document Replacement Fees:**

Identification Card Fee – \$20.00

Duplicate T2202A – \$20.00

Parchments – \$55.00

7. **Graduation Fee**

\$25.00 – Levied at the start of the first semester

8. There is a NSF charge of \$30.00 per returned cheque

NOTE: A student who has had three or more cheques returned NSF will forfeit all cheque writing privileges at Olds College.

9. **Parking Fines**

\$30.00 per offense

\$20.00 if paid within seven days

10. **Parking Fees**

Plug-ins – \$16.80 per month

(\$16.00 + GST)

No plug-in – \$8.40 per month
(\$8.00 + GST)

Towing Charges

\$60.00 – cars & light trucks
\$70.00 – trucks over 1/2 ton
\$30.00 extra if dollies or drive shaft disconnect is required
Storage fees \$20.00 per day
All charges subject to GST. Pick up after 8:00 p.m. may include call out fee.

11. **Prior Learning Assessment of Experiential Learning**

\$30.00/credit to a maximum of \$100.00 per course.

12. **Supplemental Examination Fee**

\$20.00 per supplemental exam

13. **Ag Finance Certificate Course Fees**

Approximately \$174.00 per credit plus a mandatory service/tech fee of \$25 per course

14. **Tuition Deposits**

There is a \$200 to \$500 tuition deposit required for all programs for first year students that is credited to each student's account.

Please check the website: <http://oldscollege.ca/admit/tuition-deposit-program-list.htm>

This deposit is due 45 days after admission for all other programs except Academic Upgrading and TVP programs and part-time studies unless circumstances warrant a change to the deadline for a deposit.

15. **Pool Fee**

(Collected by Olds College for the Town of Olds)
\$42.00 per year (\$40 + GST) (21.00 per semester included in Wellness Fees)

18. **Student Identification Card**

\$10.00 per academic year
\$20.00 replacement fee for lost or stolen ID cards

NOTE: Tuition and other fees may be changed without notice.

Indebtedness

Indebtedness includes any monies owed to Olds College, as well as any property owned by Olds College and not returned in satisfactory condition. All academic credentials, transcripts and parchments will be withheld until all indebtedness to Olds College has been cleared.

Refunds

REGULAR FULL-TIME PROGRAMS

- a) Prior to the start of any course or during the 10 business days after Registration Day, a student who withdraws will receive a 100% refund of all fees relating to that instruction.
- b) After this time period, a student who drops a course or withdraws from the College shall receive no refund of fees relating to that instruction.
- c) Withdrawal for compassionate reasons will be considered on an individual basis.

International Student Admission and Information

TRADITIONAL INTERNATIONAL STUDENTS

Students seeking admission to Olds College should try and apply at least four to six months in advance of the semester in which they wish to commence studies. International students are required to attend on a full-time basis (nine credits or more per semester) and are not eligible for part-time studies.

A valid Study Permit must be submitted to the Student Recruitment Office on or before Registration Day.

APPLICATION PROCEDURES

- Applicants must submit the following documentation to the Student Recruitment Office by mail, scan and email to admit@oldscollege.ca or fax to 403 556-4711
 - o Completed application form (submit on paper or on-line)
 - o A clear indication of a program of study
 - o Educational transcripts for all high schools and post secondary institutions attended (or currently attending).
- § Transcripts must be submitted in their original language and a certified translated copy in English (if the original is not in English).
- § If admitted, students will be asked to produce the original official documents prior to or on Registration Day. Official transcripts must bear original authorized signatures and the stamp or seal of the institution.
- Applicants must submit a Credential Evaluation Fee. This fee will be used to conduct an assessment of your coursework and educational qualifications to compare them to the Alberta admission requirements. The results of this evaluation will be used to assess your eligibility for admission to Olds College only. Applications will not be processed until this fee has been received. This requirement will be waived for students who have completed their education in the United States and United Kingdom or upon the discretion of the Student Recruitment Office.
- Students whose first language is not English will have to present proof on English competency (see English Language Requirements below).

NOTES

Applications will remain pending until ALL required documentation is received.

Applications are not carried over from one year to the next. You must submit a new application form along with all other necessary documentation each time you apply for admission to Olds College.

ENGLISH LANGUAGE REQUIREMENTS

The language of instruction at Olds College is English. Unless noted elsewhere, Olds College program applicants must demonstrate English language competence in order to be eligible for admission to the program. Applicants whose first language is other than English must demonstrate they have completed at least three years of academic study conducted in the English language. Applicants who do not meet this requirement may demonstrate language proficiency through successful completion of a recognized English language assessment test.

English language assessments and the corresponding scores recognized by Olds College are as follows:

1. Test of English as a Foreign Language (TOEFL) Internet Based score of at least 79
2. International English Language Testing System (IELTS) score of at least 6.0
3. Canadian Academic English Language Assessment (CAEL) score of at least 60
4. Canadian Language Benchmark Assessment (CLBA) score of at least 8.0

ADMISSION REQUIREMENTS

International applicants must meet the following admission requirements to be admitted for a program of study.

1. Specific admission requirements for the desired program of study
2. English language requirements

FEES

International students pay 1.5 times the fees for instruction plus all other fees associated with their stay at Olds College.

ADMITTED INTERNATIONAL STUDENTS

Admitted applicants are responsible for all of their visa, study permit, travel and financial arrangements. A valid Study Permit and original official educational transcripts must be presented on or before Registration Day. To apply for a Study Permit please check the current requirements from the Citizenship and Immigration Canada web site.

NOTE: International students who are required to complete work experience relevant to their program must also obtain the appropriate work visa. Further clarification on international student employment may be obtained from Citizenship and Immigration Canada, Canada Immigration Centers or from the International Office.

INTERNATIONAL VISITING STUDENTS

This category of international students is designed to provide an opportunity for students in a college of agriculture to enroll in another agricultural college for up to one-year of their program. Students will receive credit for study at the host college and ultimately graduate or receive their certificate, diploma or degree from their home institution. The purpose is to provide students with a broadened education through travel and international cultural experience and specialized training opportunities.

It is the responsibility of the individual student and their home institution to determine a suitable program of study at the host college and to agree on the amount of credit to be given towards the diploma requirements of the home institution. Travel, tuition, living expenses and health insurance would remain the responsibility of the student.

It is the home college's prerogative to set standards for participation in the program and to screen applicants. Because of possible gaps in the student's education, which may result from the exchange, applicants must demonstrate a high academic standing and be strongly motivated.

INTERNATIONAL VISIT STUDENT ADMISSION REQUIREMENTS

Complete an application for admission. Provide written authorization from a responsible officer of the applicant's home institution indicating current student registration or affiliation with the home institution by means of graduation or employment. English is the language of instruction at Olds College. All students are expected to possess an adequate knowledge of written and spoken English. All non-English speaking students will be evaluated/tested for English competencies upon arrival at Olds College. Once English competency levels have been established, students who do not demonstrate adequate levels will be required to participate in an English for Agriculture course, while attending the academic portion of their program.

OR

Complete an ESL program prior to registration at Olds College.

Contact the International Office at Olds College for more information (403) 556-8365 or e-mail jbuchholz@oldscollege.ca

Students who do not possess the appropriate English requirement as stipulated above may be allowed to audit classes, however, all fees remain the same. Students who audit a course are not permitted to submit assignments, participate in tests or be graded in the course they audit. However, International visiting audit students may be eligible to challenge an examination according to the College RPL Policy.

Acceptable applicants must submit their course selection to the Registrar's Office at Olds College five-months prior to Registration Day (end of April for those programs starting in September). Course selection requests will be accommodated provided all course prerequisites have been met and class sizes and quotas allow.

Applicants who submit their course selection late may be considered, however, they will be given lower priority with reference to seats in a given class. All international students must present a valid Student Visa or Study Permit upon registration.

NOTE: No formal institutional agreement need be in place for students to attend Olds College as an international visiting student.

INTERNATIONAL TRANSFER STUDENTS

Graduates of specific programs at specific institutions will be granted block credit towards a specific program at another specific institution. These are formal agreements worked out in detail between two institutions.

Please refer to www.oldscollege.ca/recruitment/apply-for-admission/transfers-exchanges.html for more information on existing transfer agreements.

INTERNATIONAL DEPARTMENT

The International Department provides support for International students. If students have questions regarding health, culture, college policy or other issues, students are directed to come into the International Office for assistance. Full-time international students in credit programs are able to apply for an Off-Campus Work Permit after six months of continuous enrollment in an Olds College program. The International Office will provide assistance in making this application. Contact the International Office for more information: (403) 556-8365 or e-mail jbuchholz@oldscollege.ca.

Recognition of Previous Learning

Recognition of Previous Learning (RPL)

Recognition of Previous Learning (RPL) is a process by which the student can demonstrate competencies in a particular Olds College course(s) based on a review of course(s) or experiential learning/work experience that they have already completed. The student must demonstrate that they have achieved the competencies of the course through other means.

Recognition of Previous Learning can be reviewed using any one or possibly a combination of the following (depending on the individual students' circumstance):

1. Transfer Credit (internal or external)
2. Work Experience/Experiential Learning
3. Challenge Examination
4. With the exception of dual credit coursework and Green Certificate coursework, high school courses are not acceptable for RPL.

There is no guarantee that credit will be awarded.

TRANSFER CREDIT

Transfer Credit is a process of receiving credit for courses at Olds College from courses taken at other post secondary institutions (external transfer credit) or previously taken at Olds College (internal transfer credit). The course(s) must meet the minimum transfer credit guidelines and be applicable to the program.

PROCESS FOR TRANSFER CREDIT

Any post secondary transcripts that you submit to Olds College will be reviewed for potential Transfer Credit. You will be notified of the outcome by letter or email, depending on when the transcript arrived. You may be required to submit further documentation such as course outlines and/or course descriptions upon request. Transfer credit will only be considered when the applicant demonstrates on their transcript that they have a minimum grade of either a C- (60-64 percent) or four (4) on a nine-point system or two (2) on a four-point system for the course(s) in question. The evaluation process may take up to four weeks.

WORK EXPERIENCE/EXPERIENTIAL LEARNING

DEADLINE FOR APPLICATIONS: August 1 for courses to be taken September - December
November 1 for courses to be taken January - April
April 1 for courses to be taken May - August

Work Experience/Experiential Learning may be granted if applicants provide proof that they have acquired the competencies of a course by assessing the skills and knowledge they have acquired through work experience or experiential learning. This may include but is not limited to conferences, professional development and courses offered outside the regular classroom or certification.

PROCESS FOR WORK EXPERIENCE/EXPERIENTIAL LEARNING

- Complete the Work Experience/Experiential Learning application form and submit it with a letter outlining the rationale for why you are requesting this review.
- You will be contacted by the Associate Registrar outlining further details.
You may be required to provide specific information in a portfolio format.

This information may include but is not limited to:

- A personal resume

- Performance test
- Letters of reference
- Photos/videos
- Work assessment report or performance appraisal
- Non-credit certificate(s)

and/or

- An interview
- The associate registrar will work with the appropriate program coordinator and arrange the review setup and interview if required.
- The associate registrar will notify the student of the result.
- Pay the appropriate fee to the cashier upon successful application.

The evaluation process will take up to four weeks to complete.

CHALLENGE EXAMINATION

DEADLINE FOR APPLICATIONS: First week of classes

CHALLENGE EXAMINATION PROCESS

If a student feels they have the course competencies from previous learning, they may choose the Work Experience/Experiential Learning or the Challenge Examination option. Students may not use both methods of review for one course; students must choose one of the review options.

The Challenge Examination process must be discussed with the Instructor and may involve an exam and or the submission of assignments. The testing process will determine whether the competencies of that course have been met.

Challenge Examination is a process of receiving credit for an Olds College course by challenging the competencies of the course. The instructor will determine the challenge process (exam, assignment or both).

WHY GO THROUGH THIS PROCESS?

Receiving credit at Olds College may reduce both the time and the cost of your education and provide opportunities to take other courses while completing your program of study.

COST

- **Transfer Credit** – no fee required
- **Challenge Examination** – there is a \$50.00 fee
- **Experiential Learning** - \$30 per credit per course

RPL Notes: It is the student's responsibility to initiate the process and must ensure that the appropriate form has been completed and that all supporting documents have been submitted for the review process. It is also the student's responsibility to understand the outcome of the review and make any necessary adjustments to their schedule of classes.

RESIDENCY REQUIREMENTS

In order to be eligible to graduate from any program offered by Olds College, you must complete no less than 25 percent of the program while enrolled in Olds College courses.

For further information on any of these processes, please contact Ceri Vitanov, Associate Registrar, at 1 800 661-6537 or 403 556-8286 or cvitanov@oldscollege.ca

Olds College Student Policies

Olds College Student Policies

All college policies are accessible through <http://www.oldscollege.ca/policies/index.htm>.

The follow list represents excerpts from policies which directly related to student learning and living environments.

TOBACCO USE – POLICY A5

Olds College is committed to providing a healthy and safe working, learning and living environment for students, employees, contractors and visitors.

Tobacco use is prohibited in all college buildings, vehicles and equipment whether owned or leased, except as specifically allowed through signage. Smoking is not allowed near fuel storage, hay or straw storage areas, or other areas that may present a fire hazard. Tobacco use is not permitted during class time including during classes that are held outdoors.

Full policies details are available at http://www.oldscollege.ca/policies/listpages/a-general/A5_Tobacco_Use.pdf.

HARASSMENT - POLICY A6

The Board of Governors of Olds College is committed to providing a learning and working environment in which every individual has the right to be treated with dignity, respect and equality. Harassment undermines these values and may also constitute discrimination prohibited by human rights legislation. Harassment has the effect or potential effect of denying individual dignity and respect, detrimentally affecting work and learning environments and interfering with or disadvantaging members of the college community in their participation in employment, education or other college-related activities. Acts of harassment by or against members of the college community are considered serious offences. They are strictly prohibited and will not be tolerated.

This policy applies to all members of the college community including but not limited to students, academic and non-academic staff, visiting academics, volunteers, consultants and service and supply contractors and their employees while they are engaged in activities related to their contracts with the college.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/a-general/A6_Harassment_Policy.pdf.

CAMPUS PARKING – POLICY A14

As a client-centered institution, Olds College strives to meet the parking needs of all its client groups, within available resources and space. The college provides accessible parking spaces in fourteen parking locations for vehicles and bicycles near centres of activity on campus. There are parking spaces with and without plug-ins that will be made available to students and staff a monthly rate deemed necessary to maintain the parking services provided.

To ensure access and protect the safety of all, the college will allocate parking spaces and enforce their use, together with any laws and regulations related to safe transit and emergency access throughout the campus. The collection of parking fees and fines ensure the future development and maintenance of parking lots and roadways.

Full policies details are available at http://www.oldscollege.ca/policies/listpages/a-general/A14_%20Campus_Parking.pdf.

CODE OF CONDUCT – POLICY A25

Olds College expects that all students, staff, contractors and guests will pursue high standards of personal conduct while on the Olds College campuses or when participating in Olds College organized or sanctioned events. Olds College reserves the right to apply the policy to conduct off the campus where there is a real and substantial link to the college and where the conduct:

- gives rise to a reasonable belief that the individual(s) behavior posed a substantial danger to himself/herself or others in the college community.
- gives rise to a reasonable belief that the behavior of the individual could adversely affect the college's interests, reputation or graduates' credentials.
- adversely impacts learning activities, living environments and business relations of Olds College.

Olds College students, staff, contractors and guests are required to be aware of the expectations of this policy and govern themselves accordingly.

Conduct Towards Others

I will respect the rights and dignity of all persons by:

- promoting an environment that is free of any form of harassment or discrimination.
- refusing to tolerate verbal or physical abuse or the threat of abuse.
- refraining from behaviors that interfere with or disrupt the learning, living or work life of myself or others.
- treating confidential information appropriately
- encouraging others to feel welcome and safe

Personal Conduct

I will demonstrate a high standard of personal conduct by:

- refraining from possessing, consuming, or functioning under the influence of any intoxicating substance except where specifically allowed for under the policies of Olds College.
- being reliable in my commitment to participate in work, study and related activities.
- refraining from the use of a position of trust to receive special benefits or consideration, financial or material gain for myself or others.
- appropriately using any real or perceived position of authority.
- consistently practicing honesty in my academic or work life.
- supporting an atmosphere that encourages the respectful exchange and examination of diverse ideas in order to further the development of our learning environment.

Conduct Towards Property

I will respect the property of others by working to create an environment that does not condone:

- theft, vandalism or damage of property

- unauthorized use or entry to any space or property
- violation of civil or criminal statutes

Conduct Towards Animals

I will recognize that animals form a critical foundation to our learning, research, and recreational activities by:

- always treating the welfare of animals in the care of Olds College as a first priority when working with them.
- always treating animals in accordance with the regulations set out in the Animal Welfare Act, by the Canadian Council on Animal Care, or any other animal welfare regulations adopted by Olds College.

Awareness and College Community Responsibility

I will practice integrity by supporting others in adherence to this policy by:

- recognizing how this policy is connected with a number of more in-depth College policies, procedures and Provincial and Federal Legislation.
- taking responsibility for learning how related legislation, policies and procedures apply to my situation.

Attempting or assisting others to commit acts which violate this policy shall be treated in the same manner as completed violations and are subject to the same range of sanctions. Individuals may be accountable to both external authorities and the college for acts that constitute violations of this policy. Assessment of policy violations and related consequences can occur irrespective of any administrative, civil or criminal proceedings arising out of the same or related events.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/a-general/A25_Code_of_Conduct.pdf.

OCCUPATIONAL HEALTH AND SAFETY – POLICY C15

To provide a healthy and safe environment for students, employees and visitors, Olds College is committed to the prevention of occupational illness and injury in every area of operation.

Olds College complies with appropriate health and safety legislation including the Occupational Health and Safety Act, Workers' Compensation Act, and the Environmental Protection and Enhancement Act, etc. Olds College recognizes the need to promote, foster and maintain the health, safety and well being of students, employees and visitors and will conduct its activities in a manner which will comply with or enhance the requirements of relevant legislation.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/c-humanresources/C15_Occupational_Health_and_Safety.pdf.

ATTENDANCE – POLICY D10

Olds College students are responsible for their own education. In order to reap the full benefits of their courses, students are strongly encouraged to attend all classes, labs, and tutorials. If attendance plays any part in the course methodology or the evaluation of the course, it is the instructor's responsibility to so inform students at the beginning of the course and to clearly state the requirement and the consequence for failing to attend.

The course outline for that particular course should contain attendance requirements. However, absence for any reason does not relieve students of the responsibility of completing course work and assignments to the satisfaction of the instructor. Absence, for any reason, does not compel instructors to re-create the missed learning experience for students.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/d-studentacademic/D10_Attendance.pdf.

WARRANTY OF COURSE COMPETENCIES – POLICY D12

Olds College warrants education and training so that, if a graduate or an employer is unsatisfied that the graduate can demonstrate competencies in courses required for graduation in the program, the learner will not be required to pay tuition fees while in retraining.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/d-studentacademic/D12_Course_Compencies.pdf.

PRIOR LEARNING ASSESSMENT – POLICY D13

Olds College recognizes that learning is a continual process that is achieved through life and workplace experiences, or other forms of education acquired through attending an institution of one's choice. Olds College is fully supportive of developing ways and means to provide appropriate recognition of a learner's experiences or education.

Recognition of Previous Learning (RPL) is a process of identifying, assessing, and recognizing what a person knows and what skills and abilities he/she can demonstrate. Applicants will be encouraged to apply for assessment well before registration day. By doing so, requests will be handled in a timely fashion and decisions affecting a student's timetable and tuition charges will be processed promptly.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/d-studentacademic/D13_Prior_Learning.pdf.

DEFERRED EXAMINATIONS – POLICY D33

This policy will provide Olds College students with the opportunity to write a final examination on a date other than the preset exam date, under specific guidelines. Deferred final examinations may be granted to students who are unable to write final examinations because of personal or family illness, bereavement, severe family difficulties, religious observance or circumstances beyond their control. Deferred final examinations may differ from the original examination and may not necessarily follow the same format.

Full policy details are available at http://www.oldscollege.ca/policies/pdf/D33_EvaluationPolicy.pdf.

DISABILITIES – POLICY D18

Olds College is a client-centered institution, and as such, will assist students seeking admissions to Olds College full time credit programs or non-credit programs and courses offered through Continuing Education in the attainment of their educational goals. The College is prepared, within the available resources, to provide a supportive learning environment and accommodations for students with disabilities while, at the same time, maintaining the academic integrity of programs.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/d-studentacademic/D18_Disabilities.pdf.

GRADING – POLICY D19

A common grading system was adopted at Olds College to ensure that students were consistently assessed and graded equitably. A clear level of achievement in each course will be recorded electronically and reported on transcripts as well as a calculated Grade Point Average (GPA). An official, sealed transcript will be provided to students once all program requirements have been met and may be forwarded to receiving institutions or employers upon the direction and consent of the student. Transcripts without the seal are considered to be "unofficial". A subsidiary use of the transcript is to clearly indicate levels of academic performance when recognizing and rewarding both internal and external scholarships. Exceptions will only be permitted if the Board of Governors has granted approval upon recommendation from Academic Council.

With the exception of the Academic Upgrading and Apprenticeship programs which receive percentage grades, Olds College will utilize a Letter Grading System as the Standard Grading System for credit courses as defined by the following letter codes:

Grade	Grade Point Value	Percent	Description
A	4.0	92-100	Exceptional Achievement
A-	3.7	87-91	
B+	3.3	82-86	
B	3.0	77-81	
B-	2.7	72-76	Commendable Achievement
C+	2.3	67-71	
C	2.0	62-66	Acceptable Achievement
C-	1.7	58-61	Grade required for pre-requisite courses.
D+	1.3	54-57	
D	1.0	50-53	Minimum Achievement
F	0.0	Below 50	Insufficient Achievement

A student may receive the following annotations on their transcript, none of which are included in calculating the student's GPA:

I	Course work not sufficiently complete to assign a grade.
W	Student withdrew from the course
AU	Student audited this course (see Auditing Procedures)
CR	Credit granted for this course and is therefore included in calculating "Earned Credits"
NC	No credit granted for this course
P	Represents sufficient performance for a course assessed as either "Pass" or "Fail"; credits are included in calculating "Earned Credits"
IP	Grades not available at the time the transcript was printed
PLA	Credit awarded through Recognition of Previous Learning and included in calculating "Earned Credits".
TR	Credit awarded through the Transfer Credit Process (e.g. Advanced Standing for previous secondary or post secondary education awarded) and included in calculating "Earned Credits" Non-credit courses will be graded "Satisfactory" or "Unsatisfactory".

Full policy details are available at http://www.oldscollege.ca/policies/listpages/d-studentacademic/D19_Grading.pdf.

GRADUATION – POLICY D20

Olds College is mandated to grant parchments, including Certificates, Diplomas, Applied Degrees and Post Graduate Diplomas for those learning activities that have been approved and included in the program registry maintained by Alberta Advanced Education and Technology under the authority of the Post Secondary Learning Act, 2003 (c19.5).

Olds College may also award Certificates to learners completing the requirements for credit or non-credit programming, as approved by the Academic Council of Olds College, and offered through the Professional and Continuing Education programs of each academic school. In every case, students must complete all requirements outlined for a credential before it can be awarded.

Residency

In order to earn an Olds College credential, students are required to complete a minimum of 25% of their required credits (course load) while enrolled with Olds College.

Graduation Standards for Provincially Approved Credentials

Applied Degree

- Cumulative GPA of 2.50 or better
- Completion of all required courses and credits
- Successful completion of the College Writing Proficiency Exam
- Satisfactory completion of 30 credits of Directed Field Studies in an approved employment environment.

Diploma

- Cumulative GPA of 2.0 or better (or as specified by a program)
- Completion of required courses and credits
- Successful completion of the College Writing Proficiency Exam
- Satisfactory completion of occupational experience and/or assignment, if required.

Certificate

- Cumulative GPA of 2.0 or better
- Completion of required courses and credits
- Successful completion of the College Writing Proficiency Exam, with the exception of the Meat Processing Certificate and Transitional Vocational Programs
- Satisfactory completion of occupational experience and/or assignment, if required

Post Graduate Diploma- Successful completion of all planned program components

- Successful completion of the College Writing Proficiency Exam
- Cumulative GPA of 2.50 or better

Program Completion

Students who have a break in study of one-year within the five-year period will fall under the program requirements for the calendar year they re-apply.

Students requesting credit for courses previously taken at Olds College more than five-years prior will be required to apply

through the Prior Learning and Assessment Recognition Policy.

Second Parchment

A student will only be registered in one program at any one time. A student may complete additional course work on top of their current course load that leads to completion of graduation requirements for an additional credential. In order to receive their second parchment the student is required to complete an Application to Graduate form for each program.

Multiple Majors

Within a program, only one parchment will be issued. Furthermore, only one major will be listed on that parchment. If a student has completed the requirements for an additional major under their program it will be listed on their transcript only.

Full policy details are available at http://www.oldscollege.ca/policies/listpages/d-studentacademic/D20_Graduation.pdf.

ACADEMIC INTEGRITY - POLICY - D31

Students who willingly and knowingly participate in dishonest academic practices will be penalized academically. More than one act of academic dishonesty will result in a student being placed on Academic Probation or Suspension.

http://www.oldscollege.ca/policies/pdf/D31_AcademicIntegrity.pdf

ACADEMIC STANDING - POLICY - D32

It is the student's responsibility to be aware of their academic status at all times by reviewing their transcript information available through the Olds College website.

Students with a cumulative GPA below 2.00 at the end of a term will be placed on Academic Probation or Academic Suspension (below 1.5 GPA) for a specified period of time. This may result in the student being restricted from athletic, club and leadership activities, and being ineligible for student awards.

Students may be placed on Behavioral Probation or Behavioral Suspension for behaviors which are in conflict with the Olds College Code of Conduct or the guidelines outlined in the Olds College Residence Handbook.

Students may be expelled for an indefinite period of time for extreme or repetitive infractions against the Olds College Code of Conduct while on-campus.

Full policy details are available at http://www.oldscollege.ca/policies/pdf/D32_AcademicStanding.pdf

ACADEMIC COMPLAINTS & APPEAL - POLICY D30

Olds College is a client-centered educational institution. We are committed to processes that quickly and fairly respond to disagreements arising from decisions and rulings and other college actions affecting students.

Students have the right to appeal many decisions that affect their official academic or behavioral status. The student initiates the appeal by contacting the Registrar (for academic suspensions) or the Chair of the Academic Council Appeals Committee (for all other appeals).

Formal appeals will be heard by an Appeal Committee, the decision of which will be final.

Full policy details are available at http://www.oldscollege.ca/policies/pdf/D30_ComplaintsandAppeals.pdf

 - Government statistical research & reporting

College Reception

MAIN CAMPUS

A friendly and helpful receptionist is waiting to serve you Monday to Friday at the Information Kiosk in the Duncan Marshall Place building on-campus.

You will be pointed in the right direction if you need information on the college's many events or student activities. Get to know the people-in-the-know at the Information Kiosk soon; browse through our home page at www.oldscollege.ca, or phone 1-800-661-OLDS.

Olds College staff are there to help!

CALGARY CAMPUS

Prospective and current students may also contact the Calgary Campus for a variety of information at (403) 697-6130.

Employment Website

Housed within Student Recruitment area, Olds College subscribes to the website www.workopolisCampus.com as a source for posting employment opportunities.

Over 2000 positions are posted on this website per year! It is accessible to Alumni and current students through the Olds College website and/or from the employment icon found on all College computers.

All students are provided with training on the website throughout the year.

Specific Career Fairs are organized by academic programs such as Land and Water Resources and Ag Management and Land Agent. Employers from other industries may also hold career fairs on campus. Olds College strives to help its students and graduates find employment in their chosen field of study. Strong industry connections and successful placements in the past have helped to make this possible.

Financial Assistance

The following is a list of some of the more common types of financial assistance available to students attending Olds College:

GOVERNMENT FINANCIAL ASSISTANCE

Eligible students can obtain a loan through provincial, territorial and federal governments. Students attending Olds College on a full-time basis normally apply for student loans through their province of residency. Students applying for student loans are often assessed to receive grants and bursaries based on their level of financial need.

Alberta students attending Olds College may be eligible for financial aid in the form of Alberta Student Loans and Canada Student Loans. Alberta Student Loan application packages are available on-line at www.alis.gov.ab.ca.

If you have exceptional circumstances, apply on a paper application and attach relevant documentation. Paper applications may be picked up at Olds College Student Services.

IN OTHER PROVINCES

GOVERNMENT TRAINING ALLOWANCES

Alberta Works Applications - Ralph Klein Centre

Phone (403) 556-8351 or e-mail jheistad@oldscollege.ca

NON-EMPLOYMENT INSURANCE GRANT

- For adult students enrolled full-time in upgrading programs such as Olds College's Career & Academic Preparation program.
- Amount of grant is based on financial need.

EMPLOYMENT INSURANCE GRANT

- For students enrolled full-time in programs of less than 12 months in length.
- Students must be Employment Insurance (EI) eligible or have been on EI within the previous three years.
- Students must meet with authorized counsellor (Learning Resource Centre - Room 825) at Olds College.

Other Forms of Government Assistance

APPRENTICESHIP GRANTS

Apprentices can apply for grant funding through Alberta Employment, Immigration and Industry. Application forms are available at Olds College, or on-line at www.employment.gov.ab.ca.

The package specifically indicates that the forms are for apprentices only. Students complete the form and mail it to the Edmonton address on the package. The school is not required to complete or sign these forms.

PART-TIME FUNDING

Both federal and provincial government funding is available to students who are enrolled on a part time basis. A part-time loan usually covers tuition and supply costs, but not cost of living expenses while you are a student.

Application forms are available from Olds College. If you reside in a province other than Alberta, contact your provincial or territorial assistance office for application forms.

Awards - Bursaries and Scholarships

Thanks to our generous program, one in three Olds College students will receive a scholarship, bursary or award. The college and its donors believe it is important to recognize the achievements of Olds College students and also to help alleviate student financial need. The Olds College Awards Program is designed to reach both these goals.

OLDS COLLEGE AWARDS

Information on Entrance Awards, Scholarships, and Bursaries can be found in the Olds College Awards Guide. This guide is also available on the Olds College website www.oldscollege.ca.

APPLICATION PROCEDURES

Application procedures are easy and user friendly.

Once you are registered as a full-time student (minimum of 9 credits per semester), simply access the online application form through any computer on-campus. Complete all the required information.

It will be necessary for you to supply complete financial information as background which assists in the selection of bursaries. Specific eligibility details are outlined in the Awards Guide.

TYPES OF AWARDS

Entrance Scholarships:

Selected primarily on the basis of academic standing in high school.

Entrance Bursaries and other Bursaries:

Selected primarily on the basis of financial need.

Scholarships:

Selected primarily on the basis of academic achievement which is assessed according to the student's cumulative Grade Point Average (GPA) as of December 31.

Prize/Award:

An award given in recognition of a specific outstanding accomplishment or contribution. Prizes may be in the form of gifts, plaques, subscriptions or money.

APPROXIMATE TIMELINES

Entrance Bursaries & Scholarships

- apply before October 15
- awarded in late Fall

Winter Scholarships and Bursaries

- apply before December 31
- awarded in March

For further information on Olds College Awards contact the Student Awards Administrator in the Learning Resource Centre at cscott@oldscollege.ca or phone (403) 556-4734.

EXTERNAL AWARDS

There are several awards available to students that are administered by external organizations. Some of these awards are listed in the Olds College Awards Guide. You are also encouraged to check with your local service clubs (i.e. 4-H, Elks, Legion etc.) organizations or employers to which you or your parents belong, including high school or municipality. Contact the Student Awards Administrator for assistance with external awards at (403) 556-4734 or snotley@oldscollege.ca.

ALBERTA HERITAGE SCHOLARSHIP FUND

Various awards are available to people in all walks of life to continue their education, whether they are students, athletes, recreational leaders or in the work force. For more information, call (403) 427-8640.

Identification Card

Identification cards are issued on the official date of registration. At the Olds Campus the student identification card serves as a library card and provides access to the cafeterias.

Students are required to carry their cards at all times. The cards are also used for proof of enrollment, entrance to student activities, access to buildings on-campus, examination identification, Town of Olds Aquatic Centre, Cashier Services at the Olds Campus, access to personal information and entrance into the Residence after 11:00 p.m.

An Olds College fee of \$10.00 per card is levied on an annual basis. There is a \$20.00 replacement fee for lost or stolen cards.

Green Certificate Administration

The Green Certificate program is administered by the Green Certificate Regional Coordinator housed in the Student Recruitment Department at (403)507-7912 or hcarnota@oldscollege.ca.

Administration of the Green Certificate program is provided on a part-time basis.

Tours and Visits

Visiting our campus is the best way to understand what Olds College can offer you. We'll help you make more informed decisions about your post-secondary choices. There are many ways for you to visit Olds College.

Personal Visits are available and you will receive a campus tour and other information to help you experience your area of interest.

Program Preview Days are set up at different times through out the year and are specific to certain program areas. As our special guest you will receive a campus tour, lunch on us and program specific information.

Open House is held annually and is another great way for you to experience Olds College. The day is full of a wide variety of events and specific program activities suited to prospective and admitted students, community members and friends.

Discover your passion day is also an annual event and a great opportunity for you to discover what we have to offer. Staff, instructors and current students are happy to show guests why Olds College is such a great place to learn.

To register for any of these events, please call us at (403) 507-7715 or register on-line at www.oldscollege.ca/visit.

The Learning Centre

Located in Room 204 in Duncan Marshall Place, the Learning Centre serves all students by helping them refresh and develop the study skills required for success in college.

Students can come to the Learning Centre on a drop-in basis for an informal assessment of their learning skills and to obtain assistance in such areas as textbook reading, listening, note taking, exam writing and time management.

All types of assistance provided in the Learning Centre are designed to equip students to be more successful in their chosen areas of study.

Library Services

Step into the Olds College Library (on the upper level of the Learning Resources Centre) and you're stepping into an oasis of sunlight streaming through huge windows with plants, flowers and friendly faces. Our Library staff live by the motto "You are not interrupting our business, you are our business". They are always on-hand to provide assistance as you search for information.

The Library offers workshops throughout the year to help students understand how the facility is organized, which resources are available and how to make the most of your research. The Library is part of NEOS, a 23-member library consortium which offers students access to a shared database of over 4,000,000 books.

In addition to its book collection, the Library offers CD-ROM resources, magazines, newspapers, AGDEX materials, government documents, college calendars and Internet access. The Library Information Commons, a 30-station full productivity computer lab is available for access during the hours the library is open.

The loan period for most materials is two-weeks. Books can be renewed a limited number of times by phone or in person unless required by other students or staff. A Microfiche reader/printer is available for back issues of many magazines kept in this format. Photocopying service is also available for a fee. Interlibrary loan service is available.

In addition, the library offers the privacy of individual study carrels, easy chairs and sofas, or spacious tabled study areas. No need to interrupt your work by a bad case of the growlies. Our Library is one of the few that allows you to bring your lunch or snack to eat while you work.

There is a charge for lost and unreturned materials. Outstanding materials at the end of term will result in withheld marks and parchments.

For further information on Library Services, please contact (403) 556-4600.

Campus Bookstore

The Olds College Campus Bookstore is located just below the Library, carries everything from quality books and course materials to stationary supplies, gifts, greeting cards, confectionery items, magazines, Olds College souvenirs and clothing.

The Bookstore is arranged by program area to make it easy to find supplies and course materials. The Bookstore staff are on-hand for friendly advice or direction on the vast inventory they have accumulated. Payment options include cash, cheque, Visa, Master Card, or Interac. There is a book buy-back program at the Bookstore at the end of each semester to provide students with the option of selling used textbooks back for cash.

Please contact (403) 556-4630 for more information.

Lockers

Book lockers are located throughout the Olds and Calgary campuses for student use. Students are responsible to have their own combination lock and to remove it at year end.

Fitness lockers in the dressing rooms at the Olds Campus are reserved for off-campus students, staff and community card holders. Locks and towel service are available for a small fee.

Campus Recreation

Every effort is made to ensure that your experience at Olds College is rewarding!

As the interests of our students vary, we offer a variety of leisure and recreation programs – there is something for everyone!

Get active and get involved!

Intramural Programs

- Basketball
- Volleyball
- Dodgeball
- Floor Hockey
- Ice Hockey
- Badminton
- Softball
- Indoor Soccer (Futsal)

Leisure Pursuits

- Hiking in Banff
- West Edmonton Mall Excursions
- Olds Grizzly Games

- Christmas Green Craft Course

College/Community Classes

- Spin Class
- Yoga
- Belly Dancing

Fitness Center in the Ralph Klein Centre

Olds College students have full access to our Fitness Center with certified staff ready to assist you with your fitness program.

Our facility offers:

- Treadmills
- Step Machines
- Stationary Bikes (Spin Classes)
- Elliptical Trainers
- (Cybex and Apex Equipment)
- Free Weights and Dumbbells

Town of Olds Aquatic Centre

The Town of Olds indoor swimming pool is located adjacent to the campus. Full-time students have access to the pool throughout the year through a mandatory \$20.00 (+GST) per semester fee collected by Olds College for the Town of Olds.

Community Learning Campus (CLC)

The Community Learning Campus (CLC) is open. The facilities include the TransCanada Fine Arts & Multi-Media Center, The Bell eLearning Center, The Ralph Klein Centre and the Olds High School.

The CLC is located on the south end of the Olds College Campus. These exciting new facilities include a Health and Wellness Facility and a Core High School. The Health and Wellness Facility is the focal point for our athletic programs at Olds College. This facility features three gyms, an indoor running track, a fitness centre, three courts and multipurpose rooms.

Student athletes will have the opportunity to train year round and become involved in leadership roles within the college and community.

Athletics

Olds College is committed to enhancing its athletic programming. The focus of each athletic program will be a model of continuous improvement.

2009/2010 Athletic Teams

- Alberta College Athletic League (ACAL) Men's Hockey

The introduction of Men's Hockey to Olds College in 2006-07 was a huge success and will continue to build each year.

Our team is very competitive within the ACAL league and is coached by Kyle Tapp, the assistant coach of the AJHL Olds Grizzlies.

- Alberta College Athletic League (ACAL) Men's Basketball

This basketball team is competing in the ACAL league and plans to compete at a higher level in the upcoming years. Greg Lendvay is the on-campus coach.

- Alberta College Athletic League (ACAL) Men's Futsal (Indoor Soccer)

Futsal is new to Olds College. Hosting of the 2008 Provincial Championships will bring excitement campus wide. Chris Hunter is the coach of this team.

- Alberta College Athletic League (ACAL) Women's Basketball

This basketball team is competing in the ACAL league and plans to compete at a higher level in the upcoming years. Greg Lendvay is the on-campus coach.

- Alberta College Athletic League (ACAL) Women's Futsal (Indoor soccer)

Futsal is new to Olds College. Hosting of the 2008 Provincial Championships will bring excitement campus wide. Chris Hunter is the coach of this team.

- Alberta College Athletic League (ACAL) Men's Volleyball

There is a strong core of returning players who will compete in both the ACAL league and the Western Canadian Championships. Bryce Reid is the head coach.

Silver medal winner in ACAL in 2006/2007

- Alberta College Athletic League (ACAL) Women's Volleyball

The women are coming off of a Championship season with many returning players and look to compete for the Western Canadian Championship in 2008/09. Shane Kuhn is the coach of this team.

Gold medal winner in 2007/08

- Alberta Intercollegiate Women's Fastball League (AIWFL)

One of the best Women's Fastball Camps in Western Canada. This group is looking to rebuild in the 2008/09 year. Glen Fox is the on-campus coach.

- **Alberta Colleges Athletic Conference (ACAC) Golf**

A short, intense competition at a very high level. Try outs are in the first week of September. .

- **Alberta College Athletic Conference (ACAC) Curling**

A strong competition in a popular event. We have been very strong and have numerous medals over a number of years in curling. ?? was our on-campus coach.

For additional information, please contact the Director of Health and Wellness Services, Greg Lendvay at glendvay@oldscollege.ca or call (403) 556-4703.

Please fill out an on-line recruitment form at <http://www.oldscollege.ca/athletics/index.htm> and select the Recruitment tab.

Services for Students With Special Needs

Olds College attempts to accommodate students with special needs. Applicants are encouraged to identify any academic, emotional or physical disability on the Special Needs Assessment form. This form is available to all accepted students.

Assessment documentation from a qualified professional will be required. Frequently a student has unique needs and response must often be made on an individual basis. Dealing with these needs may require the student to liaise with a number of provincial funding services or agencies, as well as Olds College personnel in order to confirm and/or discuss financial assistance options.

Special equipment or specialized services frequently must be funded through agencies outside the college. Arranging or confirming financial assistance and/or specialized services may take minimum of up to 12 weeks so please plan in advance.

Questions or concerns about special needs should be directed to the Access Advisor at cbellamy@oldscollege.ca or call (403) 507-7945 or fax (403)556-4211.

Alumni Association

The Olds College Alumni Association is a society of past students, faculty and staff that supports the objectives of Olds College by fostering relationships and opportunities among students, alumni, the college and the global community to enhance the strengths and continuity of Olds College.

The Olds College Alumni Association will be relevant, visible and respected by attracting and developing volunteers, communicating effectively, responding to change and stewarding resources. All graduates of Olds College become Olds College Alumni and are encouraged to stay in contact with the Alumni Association.

Contact the Alumni Association at AlumniAssociation@oldscollege.ca or by phone at (403) 507-7952 or visit the Alumni Museum, Room 721 in the Learning Resource Centre.

Parking

We provide approximately 1,300 parking stalls across campus (with and without plug-ins) which are shared equitably between students and staff.

Parking permits are issued on a yearly basis and an annual charge is applied at the time of registration. Accepted students will be provided with parking regulations which includes a map and an application form for parking and are encouraged to apply as soon as they receive their application.

Parking regulations are always available at the Information Kiosk in the Duncan Marshall Place building and in the Library.

The map on our website clearly outlines the parking lots and how they are designated. It is a student's responsibility to be aware and adhere to the parking regulations.

Parking fees are collected by and for Olds College.

Campus Security

Olds College offers a relaxed, secure and friendly environment. To ensure it stays that way we provide security with Commissionaires headquartered in the Frank Grisdale Hall Residence. Campus Security can be contact at (403) 556-8224 or campussecurity@oldscollege.ca

Campus Security make regular patrols and for safety will accompany you to your vehicle at night.

Programs of Study

Ag Equipment Technician

Please refer to Apprenticeship Programs

Please see the Fact Sheet at: <http://www.oldscollge.ca/programs/pdfs/factsheets/AgEquipTechApprent.pdf>

Agricultural and Heavy Equipment Certificate

Program Summary

Two Semesters

Fall: September - December

Winter: January - April

FALL ENTRY ONLY

The information that you are receiving is current but please be advised that all programs are subject to revision.

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet for more information at <http://www.oldscollge.ca/programs/pdfs/factsheets/AgHeavyEquipment.pdf>

Admission Requirements

Applicants must have:

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office

Note:

It is recommended that students entering under the Alternate Admission Status register in College Success Skills - CSS 6000 - 2

credits offered the week before classes begin in the Fall.

It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package, which includes word processing and spreadsheets.

High school students are encouraged to complete CTS modules 1010, 1020, 1030 and 1060.

Tool Requirements

Students will be required to supply their own tools. Full tool details are available at www.oldscollge.ca/enrolment/pdf/AgandHeavyEquipmentToolList.pdf and will be outlined on the first day of class.

Personal protective equipment is required for all lab classes - i.e.:

- CSA approved steel toe safety footwear
- Safety glasses
- Hearing protection
- Coveralls with name embroidered on them

NOTE:

The safety glasses and hearing protection can be purchased at Olds College on the first day of class. The student will have to purchase the safety footwear prior to coming to Olds College.

Failure to wear this protective equipment will result in dismissal from the class, as this is a violation of the Occupational Health & Safety Regulations of Olds College. The cost of tools is over and above the tuition cost of the program.

Agricultural & Heavy Equipment Certificate Description

Attendance Policy

Regular attendance in all aspects of training is essential for learner success because skill development and safety requirements build progressively from day to day. In project classes, the learner is responsible to ensure the completion of the customer project on time. Therefore, it is considered that if a learner has missed more than 10% of any given course, in terms of unexcused absences, he or she will be considered to be withdrawn from the course. However, excused absences for any reason do not relieve a learner of the responsibility to complete course work required by the course outline and instructor.

Class Projects

All Agricultural and Heavy Equipment students have the opportunity to repair, rebuild or fabricate their own projects in classes where customer projects are taken in by the college. The cost of these projects is not included in the student's tuition. The costs are over and above all other costs the student pays at Olds College. The students will be apprised of these costs in each class where projects are needed. It is completely optional for students to bring in their own projects.

Apprenticeship Accreditation

Earn apprenticeship accreditation from Alberta Advanced Education and Apprenticeship. The graduate of the one-year certificate has the opportunity to write the apprenticeship exams for the first two-years of both the Agricultural and Heavy

Equipment Technician trades. However, in order to Challenge these exams, graduates will have to present a GPA of 2.3 in order to be eligible to write these exams. This gives the graduate technical accreditation towards the first two-years of these two trades. The student can then choose to continue on and attain Alberta Journeyman status, completing mandatory on the job training hours as specified by Alberta Apprenticeship and attend technical training for the third and fourth period in their chosen trade. For more information contact the program coordinator.

Program Requirements

Fall Semester: September - December

- COM 1010 - Communications and Personal Management
- TEC 1000 - Technician Basics
- TEC 1026 - Braking and Trailer Systems
- TEC 1100 - Hydraulic and Electrical Basics

Agricultural & Heavy Equipment Diploma Description

Class Projects

All Agricultural and Heavy Equipment students have the opportunity to repair, rebuild or fabricate their own projects in classes where customer projects are taken in by the college. The cost of these projects is not included in the student's tuition.

The costs are over and above all other costs the student pays at Olds College. The students will be apprised of these costs in each class where projects are needed. It is completely optional for students to bring in their own projects.

Attendance Policy

Regular attendance in all aspects of training is essential for learner success because skill development and safety requirements build progressively from day to day. In project classes, the learner is responsible to ensure the completion of the customer project on time. Therefore, it is considered that if a learner has missed more than 10% of any given course, in terms of unexcused absences, he or she will be considered to be withdrawn from the course. However, excused absences for any reason do not relieve a learner of the responsibility to complete course work required by the course outline and instructor

Apprenticeship Accreditation

The graduate of the two-year diploma has the opportunity to write the apprenticeship exams for the first two-years of both the Agricultural and Heavy Equipment Technician trades and the third and fourth years of either the Agricultural or Heavy Equipment Technician Trade based on their chosen major. **However, in order to Challenge these exams, graduates will have to present a GPA of 2.3 in order to be eligible to write these exams.** This gives the graduate full technical accreditation towards their trade. To continue on and attain Alberta Journeyman status, the graduate must complete mandatory on-the-job training hours as specified by Advanced Education and Apprenticeship.

The program is accredited by Advanced Education and Apprenticeship. For further accreditation information contact the program coordinator.

Program Requirements - Agricultural Equipment Major

Fall Semester: September - December

- TEC 2226 - Off Road Systems
- TEC 2305 - Hydraulics II
- TEC 2338 - HVAC Systems
- TEC 2722 - Electrical and Electronic Diagnostics
- TEC 2218 - Steering and Suspension

Winter Semester: January - April

- MGT 1510 - Professional Practice
- TEC 2433 - Agricultural Equipment II
- TEC 2705 - Hydraulics III
- TEC 2733 - Agricultural Equipment Repair
- TEC 2126 - Hydraulic Shift Transmissions

Program Requirements - Heavy Equipment Major

Fall Semester: September - December

- TEC 2226 - Off Road Systems
- TEC 2305 - Hydraulics II
- TEC 2338 - HVAC Systems

- TEC 2722 - Electrical and Electronic Diagnostics
- TEC 2218 - Steering and Suspension

Winter Semester: January - April

- MGT 1510 - Professional Practice
- TEC 2436 - On Road Power Trains
- TEC 2705 - Hydraulics III
- TEC 2749 - Heavy Equipment Repair
- TEC 2126 - Hydraulic Shift Transmissions

Total Credits

Total First Year Credits:	30
Total Second Year Credits:	30
Total Required Credits:	60

Graduation Requirements

To obtain a diploma a student must achieve the following:

1. A minimum of 60 credits
2. A cumulative GPA of 2.00 or better
3. Completion of all required courses for the major chosen
4. Fulfillment of the Graduation Policy - Residency Requirements
5. Successful completion of the Olds College Writing Proficiency Exam

Agricultural Management

Program Summary

Two Year Diploma

Fall: September - December
Winter: January - April

FALL ENTRY ONLY

The information that you are receiving is current but please be advised that all programs are subject to revision.

Three Majors

Finance Major

Production Major

Marketing and Sales Major

Admission Requirements

Applicants must have:

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 55% or better in Pure Math 20 or Applied Math 20
- d) 50% or better in two of Biology 20 or Chemistry 20 or Science 20 or one of Biology 30, Chemistry 30 or Science 30

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office

NOTES:

- a) It is recommended that students entering under Alternate Admission Status register for CSS 6000 – College Success Skills offered the week before classes begin in the Fall.
- b) It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office soft-ware package, which includes word processing and spreadsheets. High school students are encouraged to complete CTS modules 1010, 1020, 1030 and 1060.
- c) It is strongly recommended that students complete a Grade 12 Biology class as well as develop and maintain strong math skills.
- d) Agricultural Management students are required to secure their own overalls, leather gloves, safety approved footwear (steel-toed boots), hearing protection and safety glasses for all classes with labs requiring such. These items should be purchased prior to registration so that they can be worn the first day of a lab class.

A valid driver's license is required to operate the equipment on the college campus.

Program Description, Tuition Deposit and Employment Opportunities

Please refer to the Fact Sheet at <http://www.oldscollege.ca/programs/AgManagement/index.htm>

Program Requirements

Our program requires completion of a core set of courses within all the Agricultural Management majors. These courses have been selected to provide a strong foundation for all advanced courses.

In addition to completing these core courses, each major allows some electives and the college offers courses through Continuing Education to allow students to pick up courses in areas of interest.

Some of these electives require prerequisite courses to be completed as outlined in the course descriptions. Although recommendations are provided, you are responsible for making sure all prerequisites are completed and that you will meet the specified graduation requirements.

First Year Credits - All Majors

Fall Semester: September - December

- AGN 1340 - Principles of Agronomy
- AMT 1040 - Survey of Agribusiness
- AMT 1335 - Agribusiness Accounting
- COM 1010 - Communications and Personal Management
- LVS 1370 - Principles of Animal Agriculture

Winter Semester: January - April

- AMT 1035 - Agricultural Management Principles
- AMT 1360 - Agribusiness Information Technology
- BPD 1380 - Bioprocessing and Distribution
- MEC 1050 - Machinery and Technology
- MKG 1020 - Principles of Marketing

Total Credits

Total Credits: 30

Production Major Description

In their second year, learners who are interested in production agriculture should choose this major. This major prepares students for all types of farm operations or for corporate farming environments. The emphasis is on management of all assets and resources of the farming operation.

Second Year

Fall Semester: September - December

- AGN 2440 - Perennial Crop Production
- AMT 2020 - Advanced Product Marketing
- AMT 2035 - Agribusiness Financial Management

- MEC 2060 - Precision Cropping Systems
OR
- LVS 2370 - Livestock Nutrition

- LVS 2470 - Livestock Health and Disease
OR
- AGN 2340 - Annual Crop Production

Winter Semester: January - April

- AGN 2740 - Soil and Water Management
- AMT 2630 - Agribusiness Planning and Management
- MEC 1490 - Farmstead Management
- MGT 1510 - Professional Practice

- LVS 2380 - Livestock Enterprise Management
OR
- LVS 2070 - Beef Cattle Management
OR
- AGN 2840 - Crop Nutrition and Protection

Total Credits

Total First Year Credits: 30
Total Second Year Credits: 30
Total Required Credits: 60

Marketing Major Description

This major is designed to prepare you to take on a position in the agricultural sector dedicated to the marketing and sale of a variety of agricultural products and commodities and to the provision of customer service in a variety of manners. This includes products or services used to produce agricultural goods and the marketing of goods produced by agriculture to consumers.

This major is particularly suited to the career-minded individual who hopes to assume an agricultural marketing position in the future.

Second Year

Fall Semester: September - December

- MKG 2020 - Personal Selling/Customer Relationship Management
- AMT 2020 - Advanced Product Marketing

- AGN 2340 - Annual Crop Production
OR
- LVS 2470 - Livestock Health and Disease

- AGN 2440 - Perennial Crop Production
OR
- LVS 2370 - Livestock Nutrition

- LAW 1111 - Agricultural Law
OR
- AMT 2035 - Agribusiness Financial Management

Winter Semester: January - April

- AMT 2630 - Agribusiness Planning and Management
- MGT 1510 - Professional Practice

- MKG 2680 - E-marketing
Second year course to be approved in discussion with your Coordinator
Elective: Second Year Course

Total Credits

Total First Year Credits: 30
Total Second Year Credits: 30
Total Required Credits: 60

Finance Major Description

The Finance major prepares you for a career in agricultural lending and finance. Demand for employees is high in chartered banks, trust companies, credit unions, treasury branches and federal and provincial agricultural lending agencies. Employment in agricultural equipment lending and leasing is also possible.

Second Year

Fall Semester: September - December

- AMT 2050 - Agribusiness Wealth Management
- AMT 2035 - Agribusiness Financial Management
Second year course to be approved in discussion with your coordinator
Second year course to be approved in discussion with your coordinator
- LAW 1111 - Agricultural Law

Winter Semester: January - April

- MGT 1510 - Professional Practice
- MEC 1490 - Farmstead Management
- AMT 2600 - Agricultural Asset Valuation
- FIN 2135 - Financial Lending
- AMT 2630 - Agribusiness Planning and Management

Total Credits

Total First Year Credits: 30
Total Second Year Credits: 30
Total Required Credits: 60

Graduation Requirements

To obtain a diploma a student must achieve the following:

1. A minimum of 60 credits
2. A cumulative GPA of 2.00 or better
3. Completion of all required courses for the major chosen
4. Fulfillment of the Graduation Policy - Residency Requirements
5. Successful completion of the Olds College Writing Proficiency Exam

Agriculture Technical Semester

Program Summary

One Semester (4 months)

Program Description

TECHNICAL HANDS-ON SKILLS IN AGRICULTURE

The Olds College Technical Semester allows 3rd and 4th year students enrolled in other post secondary institutions to do an exchange at Olds College for a 4-month semester to gain hands-on technical learning in agriculture. Students complement their existing program of studies with courses in animal agriculture, plant/crop sciences, agronomy and agricultural management and finance. Students must seek permission from their home institution before applying.

This program requires that students take a full workload of five courses in a 4-month semester. Students must take one course in each of the following four areas of study: Animals, Plants, Soils and Agriculture Management and Finance. An additional fifth course must be taken from any of the above mentioned groups. In addition to your academic experience, Olds College offers unique opportunities for transfer students to get engaged with agricultural clubs and industry events - such as the rodeo club, Industry days and social and recreational activities.

Admission Requirements

1. A letter of permission. The student's home institution will provide a letter of permission allowing them to study at Olds College. This letter verifies the student is in good academic and behavior standing with the sending institution. It is the student's responsibility to ensure that any transfer of Olds College courses back to their home institution are taken care of prior to the commencement of studies.

2. A post secondary transcript.

Animal Health Technology

Program Summary

Two-Year Diploma

Accredited by the Canadian Veterinary Medical Association
Accredited by the American Animal Hospital Association
Inspected by Alberta Veterinary Medical Association
Inspected by the Canadian Council on Animal Care

Two Delivery Options

ON-CAMPUS DELIVERY - FALL ENTRY ONLY

First-Year – Two Semesters: September – April
Second-Year – Three Semesters: September – June

ON-LINE DELIVERY OPTION - SUMMER ENTRY ONLY

First-Year – Four Semesters: July – June
Second-Year – Four Semesters: September – August

The information that you are receiving is current but please be advised that all programs are subject to revision.

Program Details

Program Description, Tuition Deposit, Employment Opportunities,

Please see the Fact Sheet for this information: <http://www.oldscollege.ca/programs/pdfs/factsheets/AHT.pdf>

Admission Requirements

Applicants must have:

- a) High school diploma or its equivalent with:
- b) 60% or better in English Language Arts 30-1 or 30-2
- c) 60% or better in Pure Math 30 or Applied Math 30
- d) 60% or better in Biology 30 and Chemistry 30
- e) Completed 80 hours of volunteer and/or paid work experience
- f) Submit a Work Experience Verification Form

Applicants will be accepted into the program on a first qualified, first accepted basis.

Forty hours (40) of Volunteer and/or Paid Work Experience

Forty hours of volunteer and/or paid work experience in a single Canadian veterinary clinic (not an SPCA or animal shelter) must be completed within two-years prior to the program start date (i.e. September 1, 2009 to September 1, 2011 for the September 2011 on-campus delivery option and July 1, 2009 to July 1, 2011 for the July 2011 on-line delivery option).

These work experience hours do not have to be completed through a school program/class. The volunteer and/or paid work experience hours must be completed prior to the supervisor/employer signing the Work Experience Verification form. All documentation (Transcripts and Work Experience Verification form) must be submitted to Olds College as soon as possible as selections are based on a first qualified, first accepted basis.

ALTERNATE ADMISSION STATUS

Alternate admission status will apply for those students that have not achieved the high school diploma admission requirement. The applicant must meet all academic course requirements and complete all volunteer and/or paid work experience hours.

SPECIAL REQUIREMENTS

1. Students in the AHT program are expected to follow a dress code as written in the AHT Policy Handbook.
2. Students are actively involved in animal care throughout the program.
This will include several, week long rotations involving evenings, weekends and holidays.
Students are on these rotations from September to April of each year and for online students when they are on-campus.
3. Students are strongly recommended to obtain student membership in the AAAHT and ABVMA. Cost is approximately \$50 per year.
AHT staff will make arrangements for membership application during their first month at Olds College.
4. Students are required to purchase a stethoscope, thermometer, penlight and laboratory coat.
These are available at Olds College and costs are approximately \$300.00.

Students are also required to supply their own scrubs (minimum 2 sets) coveralls (recommend 2 sets) and rubber boots (recommend purchasing an insulated pair and non-insulated pair).

5. Students are responsible for arranging their own housing while at Olds College, and during their six week industry practicum.
6. Applicants are advised that the Animal Health Technology program is physically demanding.
Students should be in good health and be physically capable of performing the program requirements such as lifting up to 40 lbs., running beside haltered horses, climbing fences, walking dogs in all weather conditions and herding sheep and cattle on foot.
7. All students enrolled in the Animal Health Technology program are required to be immunized against Rabies.
The Rabies vaccine series will be provided at Olds College during the first few weeks of the academic year.
Students who have received the rabies vaccination previously will be required to provide verification upon request.
8. Applicants are advised that a basic level of computer skills is essential for success in the program.

Submission Deadline

Applicants applying for the on-campus delivery option must submit all marks to Olds College on or before August 1.

Applicants applying for the on-line delivery option must submit all marks to Olds College on or before June 1.

NOTE:

Class size is limited to 30 students in each delivery option.

Past experience indicates a strong demand for this program, therefore, prospective students should pay close attention to the application requirements and timelines.

Computer System Requirements for ON-Line Users

Minimum Requirements for PC Users:

(NOTE: Your course may require software and/or hardware beyond what is listed below. Please consult with your instructor.)

Recommended Hardware

- Operating System: Windows 98, Me, XP
- RAM: 128 MB (256 MB recommended)
- Free disk space: 50 MB (100 MB recommended)
- CPU: Pentium III or equivalent recommended
- Clock speed: 500 megahertz (1 gigahertz recommended)

You may also require a sound card and speakers depending on the course in which you are enrolled

Recommended Software

Microsoft Word, Adobe Acrobat Reader and a media player such as Flash Player, QuickTime or Windows Media Player.

Please note that virus protection software, and spyware/adware detection is highly recommended.

Web Browser

- Internet Explorer (IE) version 5.0, 5.5 and 6.0
- Netscape version 6.2, 7.0 and 7.1

- Mozilla 1.5 and 1.6

Internet Connection

DSL or cable modem is highly recommended. A dial-up connection may work but will likely cause you some frustration.

Minimum Requirements for Macintosh Users:

(NOTE: Your course may require software and/or hardware beyond what is listed below. Please consult with your instructor.)

Recommended Hardware

- Operating System: Mac OS 10.5
- RAM: 2GB DDR3 at 1066 Mhz
- Free disk space: 50 MB (100 MB recommended)
- CPU: Power Macintosh or higher

You may also require a sound card and speakers depending on the course in which you are enrolled

Recommended Software

Apple Macbook Pro and a media player such as Apple QuickTime Player

Please note that virus protection software, and spyware/adware detection software is highly recommended.

Web Browser

- Internet Explorer (IE) version 5.1 and 5.2
- Netscape version 6.2, 7.0 and 7.1
- Mozilla 1.5 and 1.6
- Safari 1.2I

Internet Connection

DSL or cable modem is highly recommended. A dial-up connection may work but will likely cause you some frustration.

Professional Requirements

Most provincial/territorial associations require certification for eligibility to work as an Animal Health Technologist.

In Alberta membership in the Alberta Association of Animal Health Technologists (AAAHT) and Alberta Veterinary Medical Association (ABVMA) is compulsory for an AHT employed in veterinary medicine and for AHT students that are employed in veterinary practice.

Successful completion of the Veterinary Technologist National Examination (VTNE) is required for AAAHT and ABVMA membership.

There are two windows to write this exam; in July and in December each year. Typically graduating on-site students will write in July and graduating on-line students will write in December.

Fees for this exam are approximately \$300.00 U.S.

Please contact the Animal Health Technology Association in the province where you plan to work for their specific requirements for certification.

Transfer Agreements

Transfer Agreements are in process.

Animal Health Technology Diploma Options

Two Options - On-Campus or On-Line

On-Campus Delivery Option

The first-year of this option runs from September through April and is taught at Olds College. During this time, students will be trained in veterinary laboratory techniques including parasitology, hematology, diagnostic imaging, other clinical diagnostic procedures and will be introduced to the basics of animal care.

From September through April of the second year students return to Olds College. The training during this time concentrates heavily on hands-on experience in the techniques involved in the animal health field. These techniques include obtaining and testing laboratory specimens, caring for and handling animals, assisting with surgery and anesthesia, and performing veterinary office procedures. Access to the Olds College farm provides students with opportunities to receive training involving cattle, sheep and horses. Students also play an active role in running the program's small animal facilities and adoption program.

The final component of this option is a six-week, industry practicum component. This on-the-job training can take place in veterinary practices, zoos, wildlife centers and diagnostic or research laboratories located locally, nationally or internationally.

On-Line Delivery Option

The On-line delivery option features on-line delivery of the theory components during the regular academic year. Students then attend the Olds College campus for intense hands-on training during the summer months. This delivery option is completed over 25 months with a two-month break over summer before the beginning of the second-year. It allows the learner to complete the majority of the program at home, yet delivers the same amount of hands-on training as the on-campus delivery option. This option also has a six week industry practicum component.

The first year begins with seven-weeks on campus in July and August. Students then go on-line from September to mid April. The first year finishes with ten-weeks on-campus from the end of April to the end of June. The second year begins again in September when they go on-line from September to April. They return to campus for ten weeks from the end of April to the end of June. Students finish the program by completing a six-week industry practicum in July and August. Students will participate in graduation ceremonies during the last time on campus and their transcripts will be complete upon the completion of their practicum.

On-Campus Program Requirements

First Year

Fall Semester: September - December

- COM 1010 - Communications and Personal Management
- AHT 1010 - Introduction to Veterinary Laboratory Procedures
- AHT 1030 - Animal Anatomy and Physiology
- AHT 1040 - Animal Breeds, Behavior and Management
- AHT 1050 - Client Relations in Animal Health Care

Winter Semester: January - April

- AHT 1510 - Applied Veterinary Lab Procedures
- AHT 1520 - Veterinary Diagnostic Imaging
- AHT 1530 - Animal Nutrition
- AHT 1540 - Animal Health Pharmacology
- MGT 1510 - Professional Practice

Total Credits

Total Credits: 30

Second Year

Fall Semester: September - December

- AHT 2020 - Veterinary Anesthesiology
- AHT 2030 - Clinical Veterinary Lab Procedures
- AHT 2040 - Introduction to Veterinary Surgery and Dentistry
- AHT 2050 - Introduction to Clinical Procedures
- AHT 2060 - Introduction to Animal Welfare and Veterinary Ethics

Winter Semester: January - April

- AHT 2510 - Small Animal Disorders
- AHT 2520 - Large Animal Disorders
- AHT 2530 - Applied Veterinary Surgical and Dental Procedures
- AHT 2540 - Large Animal Clinical Procedures
- AHT 2550 - Small Animal Clinical Procedures

Total Credits

Total First Year Credits:	30
Total Second Year Credits:	30
Total Required Credits:	60

Spring Semester: May - June

- AHT 2950 - Industry Practicum

On-Line Program Requirements

First Year

Summer Semester: July - August (On Campus)

Block 1 - 7 Weeks

- AHT 1010 - Introduction to Veterinary Laboratory Procedures
- AHT 1040 - Animal Breeds, Behavior and Management (Part 1)
- AHT 1030 - Animal Anatomy and Physiology (Lab section only)

Fall Semester: September - December (On-Line)

Block 2 - 15 Weeks

- AHT 1020 - Introduction to Animal Health Industry
- AHT 1030 - Animal Anatomy and Physiology (Theory Only)
- AHT 1040 - Animal Breeds, Behavior and Management (Part 2)
- COM 1010 - Communications and Personal Management

Winter Semester: January - April (On-Line)

- MGT 1510 - Professional Practice
- AHT 1530 - Animal Nutrition
- AHT 1540 - Animal Health Pharmacology

Spring Semester: May - June (On Campus)

- AHT 2010 - Client Relations in Animal Health
- AHT 1520 - Veterinary Diagnostic Imaging
- AHT 1510 - Applied Veterinary Lab Procedures
- AHT 2050 - Introduction to Clinical Procedures

Second Year

Fall Semester: September - December (On-Line)

Block 5 - 15 Weeks

- AHT 2510 - Small Animal Disorders
- AHT 2520 - Large Animal Disorders

Winter Semester: January - April (On-Line)

Block 6 - 15 Weeks

- AHT 2020 - Veterinary Anesthesiology
- AHT 2030 - Clinical Veterinary Lab Procedures (Part 1)
- AHT 2040 - Introduction to Veterinary Surgery and Dentistry (Part 1)
- AHT 2540 - Large Animal Clinical Procedures (Part 1)
- AHT 2550 - Small Animal Clinical Procedures (Part 1)

Spring Semester: May - June (On Campus)

Block 7- 10 Weeks

- AHT 2030 - Clinical Veterinary Lab Procedures (Part 2)
- AHT 2040 - Introduction to Veterinary Surgery and Dentistry (Part 2)
- AHT 2530 - Applied Veterinary Surgical and Dental Procedures
- AHT 2540 - Large Animal Clinical Procedures
- AHT 2550 - Small Animal Clinical Procedures

Summer Semester

Block 8 - 6 weeks

- AHT 2950 - Industry Practicum

Total Credits

Total First Year Credits:	36
Total Second Year Credits:	24
Total Required Credits:	60

Further Olds College Opportunities

Graduates who have achieved a GPA of 2.50 are eligible to apply for the Olds College Bachelor of Applied Science degree program.

Graduation Requirements

To obtain a diploma a student must achieve:

1. Completion of all required courses – 60 credits – as listed in the program requirements
2. A cumulative GPA of 2.00
3. Satisfactory completion of practical experience and/or assignments as may be required.
4. Fulfillment of the Graduation Policy – Residency Requirement
5. Successful completion of the Olds College Writing Proficiency Exam

Program Description

Apparel Technology

Program Summary

Two-Year Diploma

(Offered exclusively at Olds campus)

FOUR SEMESTERS

Fall: September - December

Winter: January - April

Two Majors

Fashion Apparel Major

The Fashion Apparel major prepares graduates to contribute to the growth and development of the custom apparel industry by providing educational excellence in couture, fitting, patternmaking, alterations and small business management. Faculty work closely with members of the fashion industry to ensure that graduates are able to meet the demands of the industry. Through industry visits and participation in fashion events, students are exposed to various aspects and opportunities within the fashion industry.

Many graduates of the Olds College Fashion Apparel major pursue businesses of their own, providing a much needed service of creating custom apparel, or filling a niche market. Other opportunities include tailoring, seamstress, alterations and apparel design. Graduates of the Fashion Apparel major can also build on their skill base and pursue various other streams of the fashion industry.

Costume Cutting and Construction Major

The performing arts industry is a demanding and creative industry in which to work. The Costume Cutting and Construction major prepares its graduates to contribute to the Performing Arts and Entertainment industries by providing educational excellence in both modern and historical patternmaking, costume construction for women's and menswear, and historical men's tailoring. Students of the Costume Cutting and Construction major receive a strong foundation in skills needed for apparel construction and pattern design. They then build upon that foundation with techniques that are specific to costuming. Through costuming workshops, students are introduced to the basic techniques in millinery, shoes, make-up, collars and ruffs, and costume breakdown.

Students will work with costume designers to construct and adapt garments for theatre and film. They will learn to cut costumes for a specific show and to work with actors/actresses and other production crew. Students in the Costume Cutting and Construction major will work on a major theatre production through a practicum experience with Red Deer College.

Graduation Requirements

To earn an diploma students must achieve the following:

1. A total of 60 credits
2. A GPA of 2.00 or better
3. Completion of all required courses as outlined in the program requirements
4. Fulfillment of the Graduation Policy – Residency Requirement
5. Successful completion of the Olds College Writing Proficiency Exam

Olds College/University Transfer Information

All Transfer Agreements are being submitted for assessment.

Apprenticeship Programs

Descriptions

Offered only to apprentices registered in Alberta registering for technical training at Olds College.

Registered apprentices receive notification listing the dates for technical training sessions at the college offering training for their specific trade from Alberta Apprenticeship and Industry Training.

Apprentices are encouraged to register as soon as they receive their notification in early May to ensure a seat, as spaces are allocated on a first come, first serve basis.

Fees

As set by the Alberta Apprenticeship and Industry Training – \$752 + \$64 Material Fee + Olds College Administrative Fees for each session.

Apprenticeship Programs List

Agricultural Equipment Technician

Carpentry

Welder

Heavy Equipment Technician

Landscape Gardener

The information you are receiving is current, but please be advised that all programs are subject to revision. Apprenticeship is a combination of on-the-job and technical training in an earning-while-learning arrangement that leads to certification as a journeyman certificate in a recognized trade. The apprenticeship programs at Olds College are under the administration of Alberta Apprenticeship and Industry Training. Apprentices work under a qualified tradesman becoming familiar with the principles, skills, tools and the materials of a trade. Depending on the trade, the term of apprenticeship varies from three to four years.

The trades that Olds College provides technical training for, are three and four year trades. During this time apprentices are indentured (under contract) to an employer(s) who has agreed to provide opportunities for them to work and gain experience in the trade, and allow them to attend in school technical training. Apprentices are usually paid an hourly wage, which increases according to their time, and experience in the trade. Rate of pay is based on a specific percentage of the prevailing journeyman's wage in their shop.

Certification

Alberta Apprenticeship and Industry Training awards apprentices completing all four-years successfully, a completion of Apprenticeship and Journeyman's Certificate of Proficiency in the apprentice's trade of choice. Those apprentices who attain a pass on the optional Inter-Provincial Examination for this trade will qualify for The Inter-Provincial Red Seal, which ensures recognition of qualifications in most Canadian provinces.

For further information contact:

Coordinator, Apprenticeship Programs

Tony Jordan
4500 – 50 Street
Olds, AB, T4H 1R6
Phone: (403) 556-8274
E-mail: tjordan@oldscollege.ca

To enter an apprenticeship program and become an apprentice, registrants must be at least 16 years of age and have the educational qualifications for the specific trade. (See individual program descriptions below).

Apprentices attending Olds College must be first indentured as apprentices in the Province of Alberta unless special circumstances exist.

Application Procedures

All applications and inquiries regarding becoming an apprentice should be made to a Regional Service Centre of Alberta Apprenticeship and Industry Training.

Prospective apprentices are encouraged to visit the Alberta Apprenticeship and Industry Training website www.tradesecrets.gov.ab.ca

Agricultural Equipment Technician Apprenticeship

Program Summary

FOUR-YEAR PROGRAM

Eight-Weeks Each Year

The Alberta Agricultural Machinery Industry and Alberta Apprenticeship and Industry Training and Alberta Advanced Education and Technology initiated a four-year Agricultural Equipment Technician apprentice program. This program has been in place since the Fall of 2001.

PROGRAM DESCRIPTION

Agricultural Equipment Technician apprenticeship may be for you if you are an individual who likes a technically challenging career working with machinery, and/or with computers, a rural lifestyle and assisting the industry that grows our food.

Admission Requirements

Completion of Grade 12 and have a minimum of Alberta Pure Math 10 or Applied Math 10, or pass an entrance examination administered by Alberta Apprenticeship and Industry Training.

Employment Opportunities

Agricultural Equipment Technicians may work in a dealer's service centre or may travel to farms to work on agricultural equipment. In addition, Agricultural Equipment Technicians typically repair and overhaul engines, mechanical and power-shift transmissions, hydraulic and electrical systems on tractors, tillage machinery, and harvesting equipment. They also assemble and adjust new farm machinery and related equipment. Agricultural Equipment Technicians may specialize in specific areas including engine overhaul, hydraulics, electrical systems, power transmissions, fuel injection, or other related agricultural equipment.

Training Period Description

Subject areas are listed below for each in-school technical training period consisting of four eight-week training periods coinciding with years of work related experience.

First Period Training Topics Include: Safety, tools and skills, materials, electrical welding and oxyfuel cutting, basic electrical, basic hydraulics, power trains and agricultural equipment.

Second Period Training Topics Include: Engine fundamentals, service and repair, engine systems, diesel fuel injection, electronic fuel management and heavy duty charging and cranking systems.

Third Period Training Topics Include: Spraying equipment, air conditioning, heating systems, agricultural equipment, braking systems, seeding systems, precision farming, preventive maintenance, failure analysis and advanced power trains.

Fourth Period Training Topics Include: Advanced hydraulics, electrical and electronic diagnosis, hydraulic, power shift transmissions and steering and suspension systems.

Carpentry Apprenticeship

Program Summary

FOUR-YEAR PROGRAM

Eight-Weeks of training each year - Olds College offers all four periods of training.

Applicants must be indentured as apprentices and employed in the carpentry trade prior to entering technical training at Olds College.

Program Description

A carpentry apprenticeship may be for you if you are an individual who enjoys a challenging career working with your hands, building structures that will be a part of the community for years into the future.

Training Period Descriptions

First Period training includes the following: Safety, building materials, hand and power tools, site preparation and building layout, foundations, floor framing and estimating and plan development.

Second period training includes the following: Frame structures, residential roofs, interior and exterior finishes, wood stairs and estimating and plans.

Third period training includes the following: Safety, concrete, building layout, commercial formwork, commercial interior, timber construction and estimating and plans.

Fourth period training includes the following: Safety, interior finishes, exterior finishes, roof frame and stairs, building design and renovations, energy efficiency and building science, estimating and plans.

Tony Jordan

4500 - 50 Street

Olds, AB T4H 1R6

Phone (403)556-8274

E-Mail: tjordan@oldscollege.ca

Employment Opportunities

Carpenters work in a wide variety of areas within the trade, these consist of concrete forming, building framing, site preparation, estimating, site supervision and facility repairs and renovations. A carpenter has the opportunity to be employed by a construction company or to be self-employed.

Welding Apprenticeship

Program Summary

THREE-YEAR PROGRAM

Eight-Weeks Training Each Year

Olds College offers all three-periods of training

Applicants must be indentured as apprentices and employed in the welding trade prior to entering technical training at Olds College.

PROGRAM DESCRIPTION

A welding apprenticeship may be for you if you are an individual who likes a technically challenging career working with several different types of metals in fabrication and repair fields of the industry.

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/WeldingApprenticeship.pdf>

Employment Opportunities

Welders work in a wide array of fields of the industry from pipeline construction to fabrication in a factory setting. The welder could be operating a modern mobile unit welder or working in a well equipped shop.

Training Period Description

TRAINING PERIOD DESCRIPTIONS

Subject areas are listed below for each in school training period.

First Period Training Topics Include: Safety, tools, welding faults, oxy-fuel welding, shielded metal arc welding, gas metal arc welding, flux core arc welding, submerged arc welding, and trade math problems.

Second Period Training Topics Include: SMAW Two, GTAW One, GMAW and FCAW Two, Pattern Development and Drawing Interpretation.

Third Period Training Topics Include: SMAW Three, GTAW Two, Drawing Interpretation, and Trade Science.

Phone: (403) 556-8274
E-mail: tjordan@oldscollege.ca

Admission Requirements

Applicants must have a minimum of Grade 9 or pass an entrance exam prepared and administered by the Apprenticeship and Industry Training Division of Alberta Learning.

Heavy Equipment Technician Apprenticeship

Program Summary

FOUR-YEAR PROGRAM

Eight-weeks each year with different exit points and credentials.

Applicants must be indentured as apprentices and employed in the heavy equipment industry prior to entering technical training at Olds College.

PROGRAM DESCRIPTION

A Heavy Equipment Technician apprenticeship may be for you if you are an individual who likes a technically challenging career working with large off road machinery, trucks, trailers and buses or other heavy industrial machinery.

Admission Requirements

Applicants must have a minimum of Grade 11 or pass an entrance exam prepared and administered by the Apprenticeship and Industry Training Division of Alberta Advanced Education and Technology.

Employment Opportunities

Heavy Equipment Technicians may work in equipment dealer's service centres, resource company shops, trucking firms, industrial plants, and municipal shops. Heavy Equipment Technicians typically repair and overhaul engines, mechanical and power-shift transmissions, hydraulic and electrical systems on mobile and stationary equipment.

Training Period Descriptions

Subject areas are listed below for each in school training period.

First Period Training Topics Include: Safety, tools, material and equipment, truck and trailer suspension, wheels and systems, hydraulic and air brake systems, basic electrical, basic electronics, and hydraulics.

Second Period Training Topics Include: Engine fundamentals, service and repair, engine systems, diesel fuel injection, electronic fuel management and heavy duty charging and cranking systems.

Third Period Off Road Training Topics Include: Advanced hydraulics, electrical and electronic diagnosis, hydraulic, power shift transmissions and steering and suspension systems.

Fourth Period On-Road Training Topics Include: Power steering systems, truck and transport power train, air conditioning, antilock braking systems, and vehicle electrical and electronic diagnosis and failure analysis.

Landscape Gardener Apprenticeship

Program Summary

FOUR-YEAR PROGRAM

Eight weeks technical training each year

Applicants are indentured as apprentices and employed in the Landscape/Horticulture industry prior to entering technical training at Olds College.

PROGRAM DESCRIPTION

If you like to work with plants and are interested in growing, installing and maintaining trees, flowers and turf grass in ornamental landscapes this program is for you. Does the idea of earning while learning as you work toward certification as a journeyman suit your lifestyle and career goals? You will work with hard landscaping including pavers, wood construction projects and water features.

Admission Requirements

To enter the Landscape Gardener Apprenticeship program you must be at least 16 years of age and have a minimum of a Grade 9 education or its equivalent or pass an entrance examination administered by Alberta Apprenticeship and Industry Training.

Employment Opportunities

During your apprenticeship and as a journeyman you can find employment throughout the widely varied horticulture industry. A list of some of the possibilities include: parks/golf course maintenance, retail/wholesale horticulture marketing and sales, nursery production, green house production, sod production, landscape construction, installation and maintenance, tree care, and pest control.

Depending on your aptitude, interests and experience you may eventually become self-employed or work for someone else in the private or public sector.

Training Period Descriptions

Subject areas for each technical training period are listed below.

First Period Training Topics Include: Workplace safety, tools and machinery, soils, plant identification, botany, greenhouse production, and landscape construction.

Second Period Training Topics Include: Sales and communications, basic surveying, landscape construction, greenhouse structures and environments, plant identification, pests and pest management, pesticide use and safety, and turf maintenance.

Third Period Training Topics Include: Landscape design, interior plantscape maintenance, plant identification, and herbaceous ornamentals in the landscape, plant physiology, irrigation, arboriculture, and plant production.

Fourth Period Training Topics Include: Landscape design; landscape construction, irrigation, estimating and tendering, plant identification, and nursery and sod production.

Other Opportunities for LGAP

OTHER OPPORTUNITIES

Journeymen wishing to continue their technical training in a more specialized vein can apply to the Ornamental Horticulture or Turfgrass Management program. Recognition of Prior Learning may be granted based on relevant work experience, training and recognized certification through the College Prior Learning Assessment and Recognition process. Journeymen Landscape Gardeners who obtained better than 75% in their examinations may apply for entrance into the Arboriculture, Landscape Management majors or Turfgrass Management.

Journeymen will receive credits for Prior Learning (varies with major) for training taken in the Landscape Gardener Apprenticeship program.

These applications will be handled on a case by case basis.

- MGT 3300 - Leadership Continues
- BAS 3999 - Introduction to Self Directed Learning Continues
- MGT 4000 - Strategic Business Management
- MGT 3500 - Applied Research
- LAW 3000 - Agricultural Law
- MKG 3500 - International Marketing

Fourth Year - Required course

Two Semesters - Eight Months

BAS 4999 - Directed Field Study

Students are required to pay the tuition fee for each term of BAS 4999 prior to commencement of the term.

- BAS 4999 - Directed Field Study

Total Credits

Total Third Year Credits: 30

Total Directed Field Study Credits: 30

Total Required Credits: 60

Graduation Requirements

Students must complete the following to qualify for the Bachelor of Applied Science - Agribusiness degree:

1. 1. Two semesters of academic study at Olds College (30 credits)
2. 2. Two semesters (eight months) of Directed Field Study (30 credits)
3. 3. Complete all courses successfully and have a GPA of 2.50 or better

4. 4. Fulfillment of the Graduation Policy - Residency Requirement
5. 5. Successful completion of the Olds College Writing Proficiency Exam

Bachelor of Applied Science - Horticulture

Program Summary

Three Majors

- Golf Course Management Major
- Landscape Management Major
- Production Horticulture Major

Two-Year Diploma plus Third Year - Academic Study

Two Semesters

- Fall: September - December
- Winter: January - April

Fourth-Year - Directed Field Study

Eight months commencing with the industry placement.

Applied Degree Description, Tuition Deposit, Employment Opportunities

Please see the Face Sheet at: http://www.oldscollege.ca/programs/pdfs/factsheets/BAppSc_Production_Hort.pdf;

http://www.oldscollege.ca/programs/pdfs/factsheets/BAppSc_Landscape_Mgmt.pdf

http://www.oldscollege.ca/programs/pdfs/factsheets/BAppSc_Golf_Course_Mgmt.pdf

Admission Requirements

Applicants must have the following:

1. Academic Qualifications

a) a diploma in horticulture with a minimum 2.50 GPA or department consent

OR

b) a degree in a closely related area

2. A minimum of 640 hours work experience in the horticulture industry

Golf Course Management Major

The Golf Course Management major prepares graduates to succeed in the golf course industry as leaders, managers, and technicians who strive to create value for all golf course stakeholders. The curriculum reflects key competencies found in the CGSA's National Occupational Standards. In mastering these competencies, students learn how to manage a golf course system and the various sub-systems found within.

The Golf Course Management major brings together the strengths of both academic and workplace learning and provides students with the opportunity to further develop those areas of knowledge and skill identified as important to success in managing a golf course. Students will gain increased abilities to manage design, construction, and maintenance projects; manage water effectiveness and efficiency; find and understand relevant technical and scientific materials; manage environmental issues and human and financial resources; write clear, concise reports, and make effective oral presentations.

Program Requirements

Third Year Required Courses

Fall Semester: September - December

- BAS 3999 - Introduction to Self Directed Learning
- BHO 3100 - Research Methods
- BHO 3300 - Project Management Principles
- BHO 4710 - Ethics and Pest Management
- TRF 4100 - Environmental Management for Golf Courses

Winter Semester - Required Courses

- MKG 3000 - Marketing
OR
- MGT 3400 - Human Resources Management

- BHO 4000 - Integrated Project
- BHO 3800 - Plant Environment Systems
- MGT 3000 - Small Business Planning and Management
- TRF 4000 - Golf Course Master Planning

Fourth Year - Required Course

- BAS 4999 - Directed Field Study

Total Credits

Total Credits Third Year: 30

Total Credits Fourth Year: 30

Total Required Credits: 60

Landscape Management Major

The Landscape Management major prepares graduates to succeed in the landscape industry as leaders, managers, and technicians who strive to create value for all stakeholders. Graduates will develop the strong analytical and problem solving abilities and business and technical knowledge they require to manage all aspects of landscape projects.

The Landscape Management major prepares students for a career in managing the landscape design process, the landscape construction process, the landscape maintenance process, the tree care process and the business practices involved in all four areas.

An applied degree brings together the strengths of both academic and workplace learning and provides students with the opportunity to further develop those areas of knowledge and skill identified as important to success in the landscape industry. Building upon competencies developed at the diploma level, students gain increased abilities to plan projects; design landscapes; estimate costs; acquire materials; manage human, physical, and financial resources; find and use technical and scientific materials; plan for and manage risk in the landscape; manage environmental issues; write clear, concise reports; make effective oral presentations; and manage public concerns in pursuit of environmental sustainability.

Program Requirements

Fall Semester: September - December

- BAS 3999 - Introduction to Self Directed Learning
- BHO 3300 - Project Management Principles
- BHO 4710 - Ethics and Pest Management
- BHO 3100 - Research Methods
- ELM 3500 - Presentation Graphics

Winter Semester - Required Courses

- MGT 3400 - Human Resources Management
OR
- MKG 3000 - Marketing

- BHO 4000 - Integrated Project
- BHO 3800 - Plant Environment Systems
- ELM 4500 - Sustainable Sites
- MGT 3000 - Small Business Planning and Management

Fourth Year - Required Course

- BAS 4999 - Directed Field Study

Total Credits

Total Credits Third Year: 30
Total Credits Fourth Year: 30
Total Required Credits: 60

Production Horticulture Major

The Production Horticulture Major builds upon knowledge and skills gained through prior diploma training in greenhouse, field and nursery production. Graduates will develop an advanced understanding of both the scientific and business principles involved in all aspects of crop production. Students will also develop strong analytical and problem solving abilities required to make efficient and effective production decisions in addition to managing financial, human and physical resources.

Students will gain increased abilities to work as managers to more effectively learn on the job; to find and understand relevant technical and scientific materials; to manage environmental issues; to manage human and financial resources; to write clear, concise reports and to make effective oral presentations.

An applied degree brings together the strengths of both academic and workplace learning and provides students with the opportunity to further develop those areas of knowledge and skill identified as important to success in the landscape industry. Building upon competencies developed at the diploma level, students gain increased abilities to plan projects; design landscapes; estimate costs; acquire materials; manage human, physical and financial resources; find and use technical and scientific materials; plan for and manage risk in the landscape; manage environmental issues; write clear, concise reports; make effective oral presentations; and manage public concerns in pursuit of environmental sustainability.

Total Required Credits: 60

Graduation Requirements

The academic portion of the Applied Degree program consists of 30 credits of core courses taken by the Golf Course Management major, the Environmental Management major, and the Horticulture Production major.

Students must complete the following to qualify for the Bachelor of Applied Science:

- Two semesters of academic study at Olds College (30 credits)
- One eight-month period of Directed Field Study (30 credits)
- Complete all courses successfully and have a GPA of 2.50 or better
- Fulfillment of the Graduation Policy – Residency Requirement
- Successful completion of the Olds College Writing Proficiency Exam

Business Administration

Program Summary

Two Year Diploma

FOUR SEMESTERS

Fall: September - December

Winter: January - April

FALL ENTRY ONLY

Olds College has made every effort to include accurate information, however, reserves the right to make changes that may be significantly different from this version.

Three Majors

Marketing and Sales Major

This major is designed to prepare you to take on a position dedicated to the marketing and sale of a variety of products and services. This major is suited to the career-minded individual who hopes to assume a sales management position in the future.

General Management Major

This major prepares you for a variety of positions in business including a management role in a designated business unit or as part of the general management team. Options in this major provide flexibility to accommodate your diverse business interests while preparing you for transfer to a degree program.

Accounting Major

The accounting major is designed to prepare you for entry level accounting positions and to fulfill the transfer requirements for degree and professional accounting designations.

Program Details

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at : <http://www.oldscollege.ca/programs/pdfs/factsheets/BusinessAdmin.pdf>

Admission Requirements

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20
- d) 50% or better in two 20 level subjects or one 30 level subject

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office.

NOTE:

- a) It is recommended that students accepted under the alternate admission status register for CSS 6000 – 2 credits College Success Skills offered the week before classes begin in the Fall.
- b) It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package which includes word processing and spreadsheets.
 - c) High school students are encouraged to complete CTS modules 1010, 1020, 1030 and 1060.
- c) If you are planning to transfer to university, Pure or Applied Math 30 is strongly recommended.

Program Description

Further Olds College Opportunities

Graduates who have achieved a GPA of 2.50 are eligible to apply for the Olds College Bachelor of Applied Science degree program.

University Transfer

Olds College currently has 2+2 block transfer agreements in place for our Business Administration Diploma graduates with the University of Lethbridge (Lethbridge, Calgary, Edmonton), Okanagan College (Kelowna) and Royal Roads University (Victoria). We continue to negotiate other university transfer agreements.

Career and Academic Preparation

Career and Academic Preparation

The information that you are receiving is current but please be advised that all programs are subject to revision.

Career and Academic Preparation at Olds College offers a wide range of courses to prepare students for further skill training programs, technical institutes, colleges, universities, or for direct employment.

Both a basic education and a high school Alberta Education accredited program are offered. Courses cover skills from literacy to Grade 12. Students are placed into courses according to their needs, career goals and the results of placement tests.

Make the Most of Your Future!

Ever think about completing high school?

How about improving your high school marks?

Have you got a career in mind that starts at college or university or requires a new skill set?

Regardless of what high school courses or skills training you want, or whether you want to attend part-time or full-time, Olds College can accommodate your learning goals with a wide range of courses. Olds College in partnership with Chinooks Edge School Division (CESD) is providing the opportunity for adult students to remain in their home communities and complete their high school courses. Olds College Academic Upgrading will be present in the communities of Sylvan Lake, Red Deer, Innisfail, Didsbury and Olds at the CESD Outreach schools. Students will be registered as Olds College students and will receive support and assistance from staff at Olds College and CESD.

BASIC EDUCATION – GENERAL PROGRAM

The Basic Education program has three levels, which cover the grade equivalents of 1 to 3 (Level I), 4 to 6 (Level II), and 7 to 9 (Level III).

English and mathematics courses form the core of the program. Life and employment skills issues such as problem solving, decision making, budgeting, resume writing and computer usage are included. Courses offered are both instructor-directed and/or self-directed learning.

Career and Academic Preparation

Customize your education towards skill training programs, prepare for entrance into colleges and universities or update your computer training to get a better job. This program is designed to meet your individual needs by improving your academic skills. Adult learners can upgrade academic high school courses from September to June. The goal of our program is to prepare learners for post-secondary opportunities.

HIGH SCHOOL PROGRAM

Students can enroll on a part-time or full-time basis. High School courses are offered in a self-paced environment with support from certified teachers. You will be placed into courses according to your needs, career goals and results of placement tests (if required).

Courses Offered:

Biology	20/30
Career Transitions	20/30
Chemistry	20/30
English	ELA 10 – 1 & 2; ELA 20 – 1 & 2; ELA 30 – 1 & 2
Mathematics	10/20/30 Pure & Applied
Social Studies	10/13/20/23/30/33

CTS courses offered are in the strands Information Processing (Computers).

Other courses are provided on an as needed basis only.

Contact (403) 556-8351 or jheistad@oldscollege.ca regarding requirements and placement in the program.

Contact (403) 507-7715 or info@oldscollege.ca for an application form or visit the Olds College website at www.oldscollege.ca

NOTE: A \$150 per course textbook security deposit must be paid at registration. Half of this deposit will be refunded upon return of the undamaged textbooks.

ADMISSION REQUIREMENTS

If you have been out of school for three or more years, you must arrange testing through the Career and Academic Preparation office at (403) 556-8351 or e-mail jheistad@oldscollege.ca

If you have attended school within the last three years, you must make an appointment with the program personnel to discuss your academic plans.

You may apply for financial assistance to attend full-time through the Student Finance Board.

Information is available through the local office of Human Resources and Employment or call (403) 556-8351 or e-mail jheistad@oldscollege.ca

Program Summary

Two Year Diploma

Four Semesters

Fall: September – December

Winter: January – April

TWO MAJORS

Arboriculture Major - Aerial Specialisation

- Small Tree Specialisation

Landscape Management Major

Program Details

Program Description, Tuition Deposit, Employment Opportunities

Please see Fact Sheets at: <http://www.oldscollege.ca/programs/pdfs/factsheets/HortEnviroArboriculture.pdf>;

http://www.oldscollege.ca/programs/pdfs/factsheets/HortEnviroLandscape_Mgmt.pdf;

Admission Requirements

Applicants must have:

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20
- d) 50% or better in Biology 20 and Chemistry 20 OR Science 30

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office.

NOTE:

- a) It is recommended that students entering under Alternate Admission Status register for CSS 6000 – College Success Skills offered the week before classes begin in the Fall.
This course will contribute 3 credits to your credit requirements and will be counted as an elective.
- b) It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package, which includes word processing and spreadsheets.
High school students are encouraged to complete CTS modules 1010, 1020, 1030 and 1060.
- c) Previous experience in the industry is beneficial but not essential

Transfer Agreements

Transfer Agreements are in process.

Program Requirements

Arboriculture Major (Tree Care)

First Year

Fall Semester: September - December

- COM 1010 - Communications and Personal Management
- EAB 1010 - Ground Operations
- HRT 1300 - Plant Selection
- PLS 1010 - Plant Science Principles
- SOI 1410 - Urban Soils

Winter Semester: January - April

- CAD 1000 - Site Assessment Methods
- ACT 1000 - Recordkeeping
- ELM 1600 - Diseases of Landscape Plants
- PLS 1310 - Ecological Principles and Weed Management

- EAB 2020 - Tree Climbing
OR
- EAB 2030 - Tree Value and Risk Assessment

Second Year

Fall Semester: September - December

- EAB 1000 - Utility Arboriculture
- ELM 2020 - Landscape Maintenance Operations
- ELM 2040 - Urban Forestry
- ELM 2660 - Landscape Pest Management

- HRM 1010 - Human Resources Management
OR
- MKG 1020 - Principles of Marketing

Winter Semester: January - April

- WTR 2030 - Landscape Irrigation
- EAB 2021 - Pruning Practices
- MGT 1510 - Professional Practice
- SOI 2410 - Urban Soil Applications

- EAB 2621 - Aerial Operations
OR
- EAB 2050 - Report Writing for Arborists

Total Credits

Total Credits First Year:	30
Total Credits Second Year:	30

Equestrian Coaching Major

Horsemanship Major (Western & English)

Production and Breeding Major

Business and Event Management Major

Program Details

Admission Requirements

Applicants must have:

- a) High School Diploma or its equivalent
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure or Applied Math 20
- d) 50% or better in Biology 30
- e) A minimum of 80 hours (additional hours will improve your score in the program selection process) of volunteer and/or paid work experience in an established equine related business (may be completed on or outside of a family owned business/farm).
- f) Submit a Work Experience Verification Form(s) to verify the number of completed work experience hours. Form will be mailed upon application or available on the Olds College website on the Equine Science Program of Study webpage.
- g) On-campus Riding and Practical Test

Alternate Admissions Status:

Alternate Admissions status will apply for those students that have not achieved the high school diploma admission requirement. The applicant must meet all other requirements as above.

Admission into the Equine Science program is on a competitive basis. Applications will be pre-screened and those meeting the minimum requirements are invited to the College for testing. All applicants will take the same test which consists of a riding component and a practical component. (To be held each spring for entry into the program in the fall of the same year.) Please note that only qualified applicants will be tested. We will contact applicants by letter as to their specific test date and time.

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/Equine.pdf>

Multiple Majors

Graduates who wish to complete a second major will require a third and possibly a fourth year at Olds College. Completing multiple majors in two years is not possible because of limited quotas and timetabling restrictions.

Transfer Agreements

Transfer Agreements are in process.

All Majors

Students are required to obtain 60 credits in order to graduate from the Equine Science Program. Some credits are earned through core courses that all students in the program take, with the remainder coming from courses specific to each major.

In addition, there are option courses within the program that students may wish to take to expand their knowledge and skill set.

Program Requirements

Common First Year Courses

Fall Semester: September - December

- COM 1010 - Communications and Personal Management
- EQN 1000 - Equine Anatomy and Physiology
- EQN 1010 - Managing Equine Tack and Equipment
- EQN 1020 - Farm Equipment Operation
- EQN 1030 - Interacting with Horses

Winter Semester: January - April

- MGT 1510 - Professional Practice
- EQN 1230 - Managing Equine Health
- EQN 1240 - Horse Care Lab
- ACT 1000 - Recordkeeping
- MGT 2040 - Advanced Computer Applications - Business & Event Major
- EQN 2040 - Artificial Breeding Techniques - Production 7 Breeding Major
- EQN 2030 - Riding and Coaching Specifications -Equestrian Coaching Major
- EQN 2330 - Training the Young English Horse I - Horsemanship - English major
- EQN 2340 - Training the Young Western Horse I

Second Year Required Courses

Equestrian Coaching

Fall Semester: September - December

- EQN 2410 - Equestrian Instructional Skills Practicum
- EQN 2409 - Equestrian Instructional Skills
- EQN 2500 - Enterprise Management Practicum I
- EQN 2520 - Equine Nutrition
- MGT 2100 - Small Business Planning and Management

Winter Semester: January - April

- EQN 2430 - Instructing and Analyzing Performance Practicum
- EQN 2501 - Enterprise Management Practicum II
- EQN 2530 - Equine Health Care and Lameness
- EQN 2540 - Using Genetics and Conformation for Selection
- EQN 2420 - Analyzing Performance

Spring Semester: May - June

- EQN 2950 - Industry Practicum

Horsemanship Major - English or Western

Fall Semester: September - December

- MGT 2100 - Small Business Planning and Management
- EQN 2320 - Advanced Training Techniques
- EQN 2500 - Enterprise Management Practicum I
- EQN 2520 - Equine Nutrition
- EQN 2330 - Training the Young English Horse I
OR
- EQN 2340 - Training the Young Western Horse I

Winter Semester: January - April

- EQN 2501 - Enterprise Management Practicum II
- EQN 2530 - Equine Health Care and Lameness

- EQN 2540 - Using Genetics and Conformation for Selection
- EQN 2300 - Conditioning for Performance
- EQN 2331 - Training the Young English Horse II
OR
- EQN 2341 - Training the Young Western Horse II

Spring Semester: May - June

- EQN 2950 - Industry Practicum (May be taken after the 1st or 2nd year)

Production and Breeding Major

Fall Semester: September - December

- EQN 2500 - Enterprise Management Practicum I
- EQN 2520 - Equine Nutrition
- MGT 2100 - Small Business Planning and Management
- EQN 2401 - Breeding Management
- EQN 2402 - Foaling and Foal Management

Winter Semester: January - April

- EQN 2501 - Enterprise Management Practicum II
- EQN 2530 - Equine Health Care and Lameness
- EQN 2540 - Using Genetics and Conformation for Selection
- EQN 2403 - Breeding Management Practicum
- EQN 2404 - Foaling Management Practicum

Spring Semester: May - June

- EQN 2950 - Industry Practicum

Business and Event Management Major

Fall Semester: September - December

- EQN 2500 - Enterprise Management Practicum I
- MGT 1000 - Principles of Management
- MGT 2100 - Small Business Planning and Management
- EQN 2520 - Equine Nutrition
- EQN 2407 - Advanced Equine Marketing

Winter Semester: January - April

- EQN 2501 - Enterprise Management Practicum II
- EQN 2530 - Equine Health Care and Lameness
- EQN 2540 - Using Genetics and Conformation for Selection
- EQN 2408 - Event Production Practicum
- EQN 2406 - Event Management Procedures

Spring Semester: May - June

- EQN 2950 - Industry Practicum (May be taken after the 1st or 2nd year)

Graduation Requirements

To obtain a diploma a student must achieve:

1. Completion of all required courses – 60 credits – as listed in the program requirements.
2. A cumulative GPA of 2.0 or better.
3. Fulfillment of the Graduation Policy – Residency Requirement.
4. Successful completion of the Olds College Writing Proficiency Exam.

Exercise Rider/Jockey Training Program

Program Summary

Winter/Spring 2012 January 4, 2011 - April 30, 2011 + documented 60 ride practicum

Location: Olds College and Northlands Park - Edmonton.

A partnership between Olds College and Horse Racing Alberta.
Accredited by Advanced Education

Admission Requirements

18 years of age or older.

Advanced riding and horse skill.

Appropriate information and references

Selection process (4 parts - see website)

Course Fees

\$1000 for Alberta Residents and \$2,000 for Non-Alberta Residents + Current Student Fees

\$250 Material Fees

Employment Opportunities

The horse racing industry needs trained entry-level workers right now. Students will discover a training program that exposes them to a variety of employment options within the Alberta Horse Racing industry. Work with leading trainers and get valuable practical experience and the opportunity to fill the shortages in the area of trained personnel. Our graduates have job offers by the completion of the course.

Program Description

A serious introduction to the horse racing industry and the skills needed to work as an entrance level exercise rider and/or a future jockey.

Program Requirements

Courses are waiting for approval.

- ERJ 6001 - Management of the Race Horse
- ERJ 6002 - Introduction to Race Horse Employment
- ERJ 6003 - Rider Preparation
- ERJ 6004 - Exercising the Flat Racer
- ERJ 6005 - Race Day Procedures and Practicum

Total Credits

Total Credits: 15

Graduation Requirements

Exercise Rider/Jockey Training students must complete the prescribed course of studies and attain an overall average grade of C (2.00) to be certified. Grades are determined both in class and during the practice period.

To obtain a certificate students must achieve the following:

1. 1. A minimum of 15 credits.
2. 2. A cumulative GPA of 2.00.
3. 3. Completion of all required courses as listed in the program requirements.
4. 4. Satisfactory completion of the practical experience and/or assignments.

Farrier Science

Program Summary

Heavy Equipment Operator

Please refer to the Continuing Education Calendar for specifics.

Program Summary

12 Weeks + Work Practicum

Dates to be confirmed

Program Description

The Heavy Equipment Operator Certificate program prepares the graduate for entry into heavy equipment operation focusing on entry level jobsite fundamentals including health, safety, and environmental training and awareness, equipment maintenance and operation, and application of earthmoving techniques in hands-on operations.

Conditions and Characteristics

Important attributes of an operator include mathematical ability, excellent vision, and a high degree of physical coordination as well as:

Full range of body motion

Manual and finger dexterity as well as eye, hand and foot coordination for handling and operating levers or controls

Sitting for extensive periods of time on vibrating and/or bouncing machinery

Occasionally lifting and carrying items up to (50 lbs/22.5 kg)

Corrected vision and hearing within normal range

Good oral and written communication skills

Excellent physical condition

Employment Opportunities

Our heavy construction equipment operator graduates are prepared to operate heavy equipment used in the construction and maintenance of roads, bridges, airports, gas and oil pipelines, tunnels, buildings and other structures; in surface mining and quarrying activities; and in material handling work.

Attendance Policy

Regular attendance in all aspects of training is essential for learner success as skill development and safety requirements build progressively from day to day. Students are expected to conform to policies as outlined by Olds College. Failure to comply with all policies including all applicable legislated and/or industry accepted safety standards may result in removal from the learning environment up to and including withdrawal from the program.

Special Requirements

Personal Protective Equipment Requirements

Personal protective equipment is required for all field components of the program, and must be CSA approved, which includes:

- Steel toe safety footwear (minimum 6" ankle height)
- Safety glasses
- Reflective vest or reflective marked coveralls
- Hard hat (yellow preferred, NOT white)
- Hearing protection
- Work gloves

Failure to wear this equipment when required will result in dismissal from class, as this is a violation of the Occupation Health and Safety Regulations of Olds College.

Admission Requirements

- High School Diploma or its equivalent
- Proof of age (18 years or older)
- A copy of an unrestricted class 5 Driver's License
- A recent copy of a Driver's Abstract
- Submit a completed personal profile

OR

Alternate Admissions Status - General Requirements:

If you do not meet the Alberta high school diploma or its equivalent requirements, please submit the following:

- A high school transcript of completed courses
- Proof of age (18 years or older)
- A copy of an unrestricted class 5 Driver's License
- A recent copy of a Driver's Abstract
- Letter of introduction and interest in Olds College and this program. The applicant should also address why they feel they will be successful in this program without having completed the high school diploma admission requirement.
- Submit a completed personal profile

Students must be mentally and physically capable of safely operating equipment on a daily basis in order to successfully complete the program. Any medication, dependency or mental or physical limitation that may interfere with one's ability to safely operate equipment may prevent a student from graduating and/or obtaining employment.

A small class with a high ratio of instructors to students promotes quality education, therefore applicants will be carefully selected and acceptance will be based on the approval of the Admission's Office. Admission will be offered to students who fully meet program requirements and qualifications. Students will be considered for admission when all application materials have been received by the Admissions office. The language of instruction at Olds College is English. Applicants whose previous

academic study was in a language other than English must provide proof of English language capabilities, as outlined in Olds College policies.

Program Requirements

- HEO 6001 - Workplace Safety and Safety Tickets
- HEO 6002 - Introduction to Earthmoving
- HEO 6003 - Equipment Operation and Preventative Mechanical Maintenance
- HEO 6004 - Fieldwork and Jobsite Fundamentals
- HEO 6005 - Earthmoving Operational Techniques

Total Credits

15 credits

Graduation Requirements

1. A minimum of 15 credits
2. A cumulative G.P.A. of 2.00 or better
3. Completion of all required courses for this program

Heavy Equipment Technician

Please refer to the Apprenticeship programs.

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/HeavyEquipTechApprent.pdf>

John Deere Tech Training

John Deere Tech Training

FOUR-YEAR PROGRAM

Two-Weeks Each Year

Applicants must be indentured as Agricultural Equipment Technician or Heavy Equipment Technician Apprentices (or already be a journeyman), and be employed by a sponsoring John Deere Dealer before entering the JD Tech Program. Applications are available from your employer.

ADMISSION REQUIREMENTS

Participants in the JD Tech program must first be indentured as an Agricultural Equipment Technician (AET) apprentice or a

Heavy Equipment Technician (HET) apprentice (see entrance requirements for AET or HET). After consultation with their employer, prospective students may apply for admission to the John Deere Tech program. This program can also be a stand alone program for journeymen already employed at John Deere dealerships.

TRAINING PERIOD DESCRIPTIONS

The JD Tech program is designed to enhance the training obtained in the Agricultural Equipment Technician or Heavy Equipment Technician apprentice program with topics that relate specifically to John Deere Equipment.

JD Tech at Olds College is structured as follows:

First Period Training Topics Include: Agricultural Equipment Technician or Heavy Equipment Technician training of eight-weeks at Olds College followed by two-weeks of John Deere specific training including: Electrical, Hydraulics, Service Advisor I, Hay, Forage, Tillage and Seeding, and Tech Fundamentals Computerized Resources. Each work experience period is a minimum of 1,500 hours and one year working in the trade.

Second Period Training Topics Include: Agricultural Equipment Technician or Heavy Equipment Technician training of eight-weeks at Olds College followed by two-weeks of John Deere specific training including: Advanced JD Engines, Tractor Performance, Treating Customers Right, (customer relations), Field Service Technician Training, AMS DLM and Components. Required work experience at a sponsoring John Deere dealer. Each work experience period is 1,500 hours.

Third Period Training Topics Include: Agricultural Equipment Technician or Heavy Equipment Technician training of eight weeks at Olds College followed by two weeks of John Deere specific training including: JD Combine, Forage Harvester and Seed Cart, AMS II Operations and Diagnostics, Personal Finance, and Electrical Systems Diagnostics. Required work experience at a sponsoring John Deere dealer. Each work experience period is 1,500 hours.

Fourth Period Training Topics Include: Agricultural Equipment Technician or Heavy Equipment Technician training of eight weeks at Olds College followed by two-weeks of John Deere specific training including: Service Advisor II, JD Self Propelled Sprayers, JD Power Trains, and Personal Finance. Required work experience at a sponsoring John Deere dealer. Each work experience period is 1,500 hours.

GRADUATION

Graduates of the John Deere Tech Training program are awarded a joint Olds College – John Deere Certificate upon completion.

Land Administration

Program Summary

The Land Administration program has delivery both at the Olds College Campus and on-line on the eCampusAlberta.ca site.

The information that you are receiving is current but please be advised that all programs are subject to revision.

One Year Certificate

Fall Semester: September 6 - December 16, 2011

Winter Semester: January 3 - April 20, 2012

Program Details

Program Delivery Options

On-Campus: Students study on campus in September and complete their eight month program at the end of April.

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://oldscollege.ca/programs/pdfs/factsheets/LandAdmin.pdf>.

Admission Requirements

Applicants must have:

High school diploma or its equivalent with

- a) 50% or better in English Language Arts 30-1 or 30-2
- b) 50% or better in Pure Math 20 or Applied Math 20

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites.
- Acceptance will be based on approval of the program coordinator and the Registrar's Office.

NOTE:

- a) It is recommended that students entering under Alternate Admission Status register for CSS 6000 – College Success Skills offered the week before classes begin in the Fall.
- b) It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package, which includes word processing and spreadsheets.
High school students are encouraged to complete CTS modules 1010, 1020, 1030 and 1060.

Program Requirements

Fall Semester: September - December

- CMP 1100 - Computer Applications I
- COM 1005 - Communication and Career Preparation
- LND 1000 - Land Documentation
- LND 1001 - Surface Rights and Regulations
- LND 1410 - Petroleum Industry Fundamentals

Winter Semester: January - April

- CMP 2100 - Computer Applications for Land Administration
- LND 1005 - Managing Alberta's Lands
- LND 2000 - Advanced Land Documentation
- LND 2002 - Advanced Regulations
- LND 2006 - Stakeholder Consultation

Total Credits

Total Credits: 30

Graduation Requirements

To obtain a certificate a student must achieve the following:

1. Completion of all required courses as listed in the program requirements
2. Completion of a minimum of 30 credits
3. A cumulative GPA of 2.00
4. Fulfillment of the Graduation Policy – Residency Requirement
5. Successful completion of the Olds College Writing Proficiency Exam

Land Administration On-Line

This program is the same as the on-campus delivery

Program Summary

One year Certificate program.

Students complete on-line coursework from September to April. Five courses are scheduled each semester. Assignments and course work are completed through an on-line learning module and follow a scheduled program of assignments and due dates. Students may choose to take courses as either a full-time or part-time student, but should note that courses are only offered in the time frames mentioned above. Students completing the courses on a part-time basis, need to ensure that they have completed any pre-requisite courses prior to registering.

Program Description, Tuition Deposit, Employment Opportunities

For the complete program description please see: <http://oldscollege.ca/programs/pdfs/factsheets/LandAdmin.pdf>

Admission Requirements

Applicants must have:

- a) High School Diploma or its equivalent
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure or Applied Math 20

OR

Alternate Admission Status:

Alternate Admission Status applies if you do not meet the Alberta high school requirements of the program to which you are applying, or if you received your high school education through home based learning. Alternate Admission Status students may be required to meet specific program admission requirements. To apply under this status, you must submit a transcript(s) showing any completed high school and post-secondary courses, a statement in support of your application outlining aspects of your background and experience that might have prepared you for the program. Documents such as a resume, letters of reference from previous educators or employers and/or a portfolio of related academic/project work must be included with your application.

Program Requirements

Fall Semester: September - December

- CMP 6110 - Computer Applications I
- COM 6105 - Communication and Career Preparation
- LND 6100 - Land Documentation
- LND 6101 - Surface Rights and Regulations
- LND 6141 - Petroleum Industry Fundamentals

Winter Semester: January - April

- CMP 6210 - Computer Applications for Land Administration
- LND 6105 - Managing Alberta's Lands
- LND 6200 - Advanced Land Documentation
- LND 6202 - Advanced Regulations
- LND 6206 - Stakeholder Consultation

Graduation Requirements

To earn a certificate students must achieve the following:

1. A total of 30 credits
2. A GPA of 2.00 or better
3. Completion of all required courses as outlined in the program requirements.,
4. Fulfilment of the Graduation Policy - Residency Requirement
5. Successful completion of the Olds College Writing Proficiency Exam

Land Agent

Program Summary

TWO-YEAR DIPLOMA

Four Semesters

Fall: September - December

Winter: January - April

FALL ENTRY ONLY

The information that you are receiving is current but please be advised that all programs are subject to revision.

Program Details

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/LandAgent.pdf>

Admissions Requirements

Applicants must have:

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20
- d) 50% or better in Chemistry 20 or Biology 20 OR Science 30

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites

- Acceptance will be based on approval of the program coordinator and the Registrar's Office.

The most desirable candidate is one with a special interest in land negotiations, administration, acquisition and evaluation.

*All Applicants must complete a Career Investigation Report.

NOTE:

- a) It is recommended that students entering under Alternate Admission Status register for STDY 100 – College Success Skills offered the week before classes begin in the Fall
 - b) It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package, which includes word processing and spreadsheets.
 - c) A Commissioner for Oaths appointment is required for Surface Land Agents who wish to work in Alberta or for an Alberta company. The duties of a Commissioner for Oaths include administering oaths, taking and receiving affidavits, declarations and affirmations. The Commissioner for Oaths designation is available to any Canadian resident who is working and living in Alberta. To be eligible for a Commissioner for Oaths appointment, you must meet specific criteria. A criminal record may prevent an appointment. Please contact the coordinator of the Land Agent program at (403) 556-4753 or cfulkerth@oldscollege.ca for more information.
 - d) A valid Class 5 driver's license is also required for a practicing Land Agent since they may be required to drive to clients anywhere in Western Canada.
- d) Further information on the Career Investigatoin and a contact list of licensed surface land agents will be provided upon submission of an application

Transfer Agreements

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/LandAgent.pdf>

Program Requirements

First Year

Fall Semester: September - December

- AGN 1010 - Vegetation of Western Canada
- COM 1010 - Communications and Personal Management
- LND 1000 - Land Documentation
- SOI 1000 - Fundamentals of Soil Science
- LND 1003 - Energy Fundamentals

Winter Semester: January - April

- AGB 1000 - Agricultural Value and Practices
- COM 2020 - Advanced Communications
- LND 1001 - Surface Rights and Regulations
- LND 1010 - Other Land Acquisition Types
- LND 1004 - Alberta Crown Lands

Graduation Requirements

To obtain a diploma a student must achieve:

1. Completion of all required courses as listed in the program requirements
2. Completion of a minimum of 60 credits
3. A cumulative GPA of 2.00
4. Fulfillment of the Graduation Policy – Residency Requirements
5. Successful completion of the Olds College Writing Proficiency Exam

Land and Water Resources

Program Summary

Two Year Diploma

Three Majors

Environmental Stewardship Major

Land Reclamation Major

Rural Land Use Planning Major

Program Details

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollge.ca/programs/pdfs/factsheets/LandWater.pdf>

Admission Requirements

Applicants must have:

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20
- d) 50% or better in Biology 20 and Chemistry 20 OR Science 30

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office

NOTE:

- It is recommended that students entering under Alternate Admissions Status register for STDY 100 – College Success Skills offered the week before classes begin in the Fall.
- It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package, which includes word processing and spreadsheets. Students with inadequate computer skills will require remedial courses and may not be able to complete the program in two years.

Professional Designation

Graduates of the Land and Water Resources program are eligible for membership in the Alberta Institute of Agrology (AIA), which allows them to earn the Registered Technical Agrologist designation (R.T. Ag.).

The AIA is the legally mandated provincial body that governs the activities of professionals in the areas of agriculture and environmental science. The R.T. Ag. designation is a legal requirement for certain field activities including “sign-off” authority for reclamation projects.

Transfer Agreements

LAKELAND COLLEGE

(All transfer agreements are under review.)

Graduates from any major of the Land and Water Resources program are eligible to transfer into the Bachelor of Applied Science - Environmental Management (B. App. EM) program being offered at Lakeland College. This program was developed in consultation with Olds College and the Northern Alberta Institute of Technology (N.A.I.T.). The applied degree provides further education in basic sciences, environmental monitoring, reclamation and business management as well as an eight-month practicum to prepare graduates for supervisory roles in the environmental protection sector.

For more information on the Bachelor of Applied Science - Environmental Management program contact:

Lakeland College
 5707 – 47 Avenue West
 Vermilion, Alberta, T9X 1K5
 Phone 1-800-661-6490 or (780) 853-8420
 Fax (780) 853-2955
 E-mail: admissions@lakelandc.ab.ca

OLDS COLLEGE/UNIVERSITY TRANSFER INFORMATION

(All transfer agreements are under review)

UNIVERSITY OF ALBERTA

Graduates of the Land and Water Resources Diploma program are eligible for a modified 2 + 2 block transfer to the Faculty of Agricultural, Life and Environmental Sciences at the University of Alberta.

Transfer arrangements apply to the BSc in Environmental and Conservation Sciences. Graduates of this degree program qualify

for membership In the Alberta Institute of Agrology with a "Professional Agrologist" (P. Ag.) designation.

UNIVERSITY OF LETHBRIDGE

Graduates of the Land and Water Resources program are eligible for entry into the third year of the Post-Diploma BSc in Environmental Science Programs at the University of Lethbridge.

Graduates of this degree program qualify for membership In the Alberta Institute of Agrology at the "Professional Agrologist" (P. Ag.) level. Graduates of the Rural Land Use Planning major may transfer credits towards a university degree recognized by the Canadian Institute of Planners (CIP), which would allow them full membership into CIP following four-years of planning work experience. Olds College is presently negotiating block transfers towards that end.

Program Requirements

Common First Year

Fall Semester: September - December

- COM 1010 - Communications and Personal Management
- EVS 1210 - Applied Ecology
- GPS 1200 - GPS, Site Mapping and Graphics
- PLS 1010 - Plant Science Principles
- SOI 1000 - Fundamentals of Soil Science

Winter Semester: January - April

- AGN 2210 - Field and Forage Crop Production
- EVS 1730 - Land Reclamation and Ethics
- LUP 1620 - Land Systems and Legislation
- WTR 1330 - Water Fundamentals
- CHE 1020 - Environmental Chemistry

Total Credits

Second Year

Environmental Stewardship Major

Fall Semester: September - December

- EVS 2710 - Wildlife Management and Biometrics
- PLS 2510 - Integrated Weed Management
- SOI 2340 - Soil Classification and Mapping
- WTR 2330 - Water Quality
- PLS 2410 - Native Plants of Alberta

Winter Semester: January - April

- EVS 2880 - Global Sustainability
- GIS 1300 - GIS Tools
- MGT 1510 - Professional Practice
- SOI 2500 - Sustainable Soil Management
- WTR 2630 - Watershed Management

Total Credits

Total First Year Credits: 30
Total Second Year Credits: 30
Total Required Credits: 60

Land Reclamation Major

Fall Semester: September - December

- EVS 2330 - Oilfield Reclamation
- PLS 2510 - Integrated Weed Management
- SOI 2340 - Soil Classification and Mapping
- WTR 2330 - Water Quality
- PLS 2410 - Native Plants of Alberta

Winter Semester: January - April

- EVS 2400 - Bioremediation and Biometrics
- EVS 2730 - Managing Contaminated Sites
- GIS 1300 - GIS Tools
- MGT 1510 - Professional Practice
- SOI 2500 - Sustainable Soil Management

Total Credits

Total First Year Credits: 30
 Total Second Year Credits: 30
 Total Required Credits: 60

Rural Land Use Planning Major

Fall Semester: September - December

- LUP 2020 - Land-use Planning Systems
- SOI 2340 - Soil Classification and Mapping
- WTR 2330 - Water Quality
- PLS 2510 - Integrated Weed Management
- PLS 2410 - Native Plants of Alberta

Winter Semester: January - April

- GIS 1300 - GIS Tools
- MGT 1510 - Professional Practice
- LUP 2030 - Rural Development Practices
- LUP 2620 - Applied Land-use Planning
- SOI 2500 - Sustainable Soil Management

Total Credits

Total First Year Credits: 30
 Total Second Year Credits: 30
 Total Required Credits: 60

Graduation Requirements

To obtain a diploma a student must achieve:

1. A minimum of 60 credits

2. A cumulative GPA of 2.00
3. Completion of all required courses as listed in the program requirements
4. Fulfillment of the Graduation Policy – Residency Requirements.
5. Successful completion of the Olds College Writing Proficiency Exam

Landscape Gardener Apprenticeship

Please see the Apprenticeship programs.

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/LGAP.pdf>

Program Summary

FOUR-YEAR PROGRAM

Eight weeks technical training each year.

Applicants are indentured as a pprentices and employed in the Landscape/Horticulture Industry prior to entering technical training at Olds College.

Program Description

If you like to work with plants and are interested in growing, installing and maintaining trees, flowers and turf grass in ornamental landscapes, this program is for you. Does the idea of earning while learning as you work toward certification as a journeyman suit your lifestyle and career goals? You will work with hard landscaping including pavers, wood construction projects and water features.

Admission Requirements

To enter the Landscape Gardener Apprenticeship program you must at least 16 years of age and have a minimum of a Grad 9 Education or its equivalent or pass an entrance examination administered by Alberta Apprenticeship and Industry Training.

Employment Opportunities

During your apprenticeship and as a journeyman you can find employment throughout the widely varied horticulture industry. A list of some of the possibilites include: parks'golf course maintenance, retail/wholesale horticulture marketing and sales, nursery production, greenhouse production, sod production, landscape construction, installation and maintenance, tree care and pest control.

Depending on your aptitude, interests and experience you may eventually become self-employed or work for someone else in the private or public sector.

Training Period Descriptions

Subject areas for each technical training period are listed below.

First Period Training Topics Include: Workplace safety, tools and machinery, soils, plant identification, botany, greenhouse production and landscape construction.

Second Period Training Topics Include: Sales and communications, basic surveying, landscape construction, greenhouse structures and environments, plant identification, pests and pest management, pesticide use and safety and turf maintenance.

Third Period Training Topics Include: Landscape design, interior plantscape maintenance. plant identification and herbaceous ornamentals in the landscape, plant physiology, irrigation, arboriculture and plant production.

Fourth Period Training Topics Include: Landscape design, landscape construction, irrigation, estimating and tendering, plant identification and nursery and sod production.

Other Opportunities for LGAP

Journeymen wishing to continue their technical training in a more specialized vein can apply to the Ornamental Horticulture or Turfgrass Management program. Recognition of Prior Learning may be granted based on relevant work experience, training and recognized certification through the College Prior Learning Assessment and Recognition process. Journeymen Landscape Gardeners who obtained better than 75% in their examinations may apply for entrance into the Arboriculture, Landscape Management majors or Turfgrass Management.

Journeymen will receive credits for Prior Learning (varies with major) for training taken in the Landscape Gardener Apprenticeship program.

These applications will be handled on a case by case basis.

For further information contact:

Coordinator Landscape Gardener Apprenticeship Program

Darlene Morton
4500 50 Street
Olds, AB T4H 1R6
Phone: (403)556-4775
Email: dmorton@oldscollge.ca

Upon completion of a diploma, Journeymen may apply to continue in the third-year of the Bachelor of Applied Science Degree Program.

Meat Processing Certificate

Program Summary

Four Month Program

September or January

Program Details

Employment Opportunities

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/MeatProcessing.pdf>

Admission Requirements

Applicants should be 18 years of age or older and in good physical condition.

A high school diploma or equivalent is recommended.

Applicants under 18 may be admitted under special circumstances and approval of the program coordinator.

Program Requirements

- MEP 1006 - Livestock Slaughter
- MEP 1007 - Meat Cutting
- MEP 1008 - Value Added Processing
- MEP 1009 - Food Safety and Sanitation
- COM 1005 - Communication and Career Preparation

Total Credits

Total Required Credits: 15

Graduation Requirements

To obtain a certificate students must achieve the following:

1. Successful completion of the 15 credits
2. A cumulative GPA of 2.00 or better, based on written and skills evaluation.
3. Fulfillment of the Graduation Policy – Residency Requirement

Office Administration

Program Summary

Two Semesters

Fall Semester: September - December

Winter Semester: January - April

FALL ENTRY ONLY

The information that you are receiving is current but please be advised that all programs are subject to revision.

Program Details

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/OfficeAdmin.pdf>

Admission Requirements

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20

General Requirements for Alternate Admission Status:

May be required to meet specific program prerequisites.

Acceptance is based on approval of the program coordinator and the Registrar's Office.

NOTE:

- a) It is recommended that students register for STDY 100 – College Success Skills offered the week before classes begin in the Fall.
- b) A knowledge of the keyboard with a minimum of 20 words per minute is desired.
- c) Upon completion of this program, students may transfer their course work toward a two-year legal, medical, office administration, or business administration program at other institutions.

Part-Time Learners

People who choose to complete a certificate over a two-year period will need to:

- Complete and submit an application form
- Meet admission requirements
- Contact the Program Coordinator at (403)556-4648 or [cmaloney @oldscollege.ca](mailto:cmaloney@oldscollege.ca) to design a two-year timetable

Program Expectations

Students are expected to display a professional attitude and follow a casual professional dress code. Program guidelines will be distributed the first week of class.

Program Requirements

Fall Semester: September - December

- CMP 1250 - Business Software I
- COM 1005 - Communication and Career Preparation

- OFA 1100 - Proofreading and Editing
- OFA 1200 - Document Processing

Winter Semester: January - April

- ACT 1100 - Business Bookkeeping
- CMP 2750 - Business Software II
- OFA 2500 - Office Procedures Practicum
- OFA 2600 - Workplace Communication
- OFA 2700 - Advanced Document Processing

Total Credits

Graduation Requirements

To obtain a certificate students must achieve the following:

1. Completion of a minimum of 30 credits
2. A cumulative GPA of 2.00 or better on written and skill evaluations
3. Fulfillment of the Graduation Policy – Residency Requirement
4. Completion of all courses listed in the program requirements
5. Successful completion of the Olds College Writing Proficiency Exam

Pre-Employment Carpentry

Pre-Employment Trades

Pre-Employment is for the individual that may not have experience in the field and is not a registered apprentice in the Province of Alberta, however, is interested in the trade. Pre-employment courses offer the same technical training that first period apprentices receive and includes an additional four weeks of classroom and hands-on application.

Upon successful completion of the pre-employment program, students who meet the apprenticeship requirements for the trade (see www.tradesecrets.gov.ab.ca) are eligible to write the first period apprenticeship exam. (There is a fee, payable to Apprenticeship and Industry Training, to write the exam. This fee is in addition to tuition, books and supplies.) CSA approved personal protective equipment is required to complete the practical portion of this program. You may be required to purchase other tools and equipment for your chosen trade.

Student Funding may be available, go to www.oldscollege.ca/financial_aid/index.htm or call Student Services at 1-800-661-6537 ext. 8285.

Program Summary

12 weeks

Start Date: February 1, 2011

Admission Requirements

18 years of age upon completion of the program.

High School transcript

Mature students will be evaluated on an individual basis and can apply under Alternate Admission status (an entrance exam be required)

Tuition Fees

For the class of 2011

Tuition Fees: Approximately \$4500 (includes books and student fees)

To apply go to: <http://www.oldscollege.ca/recruitment/apply-for-admission/general-admissions-how-to-apply.html>

Program Outcomes

Graduates of this program will develop knowledge, skills and attitudes that prepare them to:

- 1. Employ current OH&S and relevant industry standards and procedures in the workplace.**
- 2. Communicate interactively in a professional manner with industry associates.**
- 3. Demonstrate employability skills and professional conduct.**
- 4. Demonstrate workplace skills in an industry-related learning environment.**
- 5. Develop the skills required to recognize the characteristics and proper use of all building construction.**
- 6. Develop competencies in both hand and power tools in order to carry out repairs according to manufacturer's specifications.**
- 7. Perform assigned tasks in accordance with quality and production standards required by industry.**

Program Description

The Olds College Pre Employment Carpenter program prepares the graduate to perform entry level residential construction and remodeling. The program also focuses on worksite fundamentals including occupational health and safety training, blueprint reading and applicable trade math skills as well as industry standard practices and procedures associated with the trade. This program is the equivalent to the technical training of first year apprentice.

Program Requirements

- PEC 6001 - Safety
- PEC 6002 - Building Materials
- PEC 6003 - Hand and Power Tools
- PEC 6004 - Site Preparation and Building Layout
- PEC 6005 - Foundation
- PEC 6006 - Floor Frame
- PEC 6007 - Estimating and Plans

Total Credits

Total Credits: 12 credits

Graduation Requirements

Completion of all required credits: 12 credits

Pre-Employment Heavy Equipment Technician

Pre-employment Trades

Pre-Employment is for the individual that may not have experience in the field and is not a registered apprentice in the Province of Alberta, however, is interested in the trade. Pre-employment courses offer the same technical training that first period apprentices receive and includes an additional four weeks of classroom and hands-on application.

Upon successful completion of the pre-employment program, students who meet the apprenticeship requirements for the trade (see www.tradesecrets.gov.ab.ca) are eligible to write the first period apprenticeship exam. (There is a fee, payable to Apprenticeship and Industry Training, to write the exam. This fee is in addition to tuition, books and supplies.) CSA approved personal protective equipment is required to complete the practical portion of this program. You may be required to purchase other tools and equipment for your chosen trade.

Student Funding may be available : go to www.oldscollge.ca/financial_aid/index.htm or call Student Services at 1-800-661-6537 ext 8285.

Program Summary

12 week program

Start Date: April 4, 2010

Program Outcomes

Graduates of this program will develop knowledge, skills and attitudes that prepare them to:

1. Employ current Occupational Health & Safety and industry standards and procedures in the workplace.
2. Communicate in a professional manner with industry associates.
3. Demonstrate employability skills and professional conduct.
4. Demonstrate technical workplace skills in an industry-related learning environment.
5. Demonstrate basic competencies in both hand and power tools in order to carry out repairs according to manufacturer's specifications.
6. Perform assigned tasks in accordance with quality and production standards required by industry.
7. Demonstrate the basic skills required to diagnose, repair, and maintain any of the working parts of diesel engines as well as the various components of mobile industrial equipment.

Tuition Fees

Tuition Fees for Spring 2011

\$4350 (includes books and student fees)

Deposit: \$500 non-refundable tuition deposit is due upon acceptance to the program. This deposit is applied toward your tuition fee to secure your placement in the program.

To apply go to: <http://www.oldscollge.ca/recruitment/apply-for-admission/general-admissions-how-to-apply.html>

Admission Requirements

Apply on-line through the regular application process please.

Program Description

The Olds College Pre Employment Heavy Equipment Technician program prepares the graduate for entry level positions in the mobile industrial equipment sector. It covers basic diagnostics, repair, and maintenance of mobile heavy equipment and its various components. Worksite fundamentals including occupational health and safety are emphasized throughout the training. This program is the equivalent to the technical training of first year apprentice.

Program Requirements

- PEH 6001 - Safety, Materials and Tools
- PEH 6002 - Suspensions, Wheels and Systems
- PEH 6003 - Hydraulic Brake Systems
- PEH 6004 - Electrical and Electronics
- PEH 6005 - Hydraulics Systems
- PEH 6006 - Air Brakes

Total Credits

Total Credits: 12 Credits

Graduation Requirements

Completion of all program requirements
Fulfillment of Residency Requirements

Pre-Employment Welder

The Olds College Pre-Employment Welder program prepares the graduate to perform entry level welding of metals in the repair, maintenance, fabricating or manufacturing of a wide variety of metal equipment and components. The program also focuses on workplace fundamentals and occupational health and safety training. This program is the equivalent to the technical training of first year apprentice.

Program Summary

12 Week Program

Start Date: April 4, 2011

Admission Requirements

18 years of age upon completion of the program

Grade 9 education or equivalent

Mature students will be evaluated on an individual basis and can apply under Alternate Admission status (an entrance exam may be required)

Program Description

The Olds College Pre-Employment Welder program prepares the graduate to perform entry level welding of metals in the repair, maintenance, fabricating or manufacturing of a wide variety of metal equipment and components. The program also focuses on workplace fundamentals and occupational health and safety training. This program is the equivalent to the technical training of first year apprentice.

Tuition Fees

Tuition for Spring 2011

\$5099 (includes student fees and materials)

Additional fee for first period apprenticeship exam (Approximately \$150)

To apply go to: <http://www.oldscollege.ca/recruitment/apply-for-admission/general-admissions-how-to-apply.html>

Program Outcomes

Graduates of this program will develop knowledge, skills and attitudes that prepare them to:

1. Employ current Occupational Health & Safety and industry standards and procedures in the workplace.
2. Communicate in a professional manner with industry associates.
3. Demonstrate employability skills and professional conduct.
4. Demonstrate technical workplace skills in an industry-related learning environment.
5. Demonstrate a working knowledge of the welding equipment involved with the various welding procedures.
6. Apply a working knowledge of mathematics calculations pertaining to the welding trade.
7. Perform assigned tasks in accordance with quality and production standards required by industry.
8. Demonstrate skills in the fusing of metals using prescribed welding applications.
9. Demonstrate a working knowledge of metals, arc electrodes, welding gases and gas welding filler rods and recognize defective welds; know the cause and proper procedure for the repair of the defective area.

Program Requirements

- PEW 6001 - Safety, Tools, Weld Faults and Oxy-Acetylene Welding
- PEW 6002 - SMAW 1
- PEW 6003 - GMAW, FCAW and SAW
- PEW 6004 - Trade Math
- PEW 6005 - SMAW Practical
- PEW 6006 - GMAW Practical

Please see the Fact Sheet

at: <http://www.oldscollege.ca/programs/pdfs/factsheets/HortProduction.pdf>

Admission Requirements

Applicants must have:

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20
- d) 50% or better in Biology 20 and Chemistry 20 OR Science 30

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office.

NOTE:

- a) It is recommended that students entering under Alternate Admission Status register for STDY 100 – College Success Skills offered the week before classes begin in the Fall.
This course will contribute 3 credits to your credit requirements and will be counted as an elective.
- b) It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package, which includes word processing and spreadsheets.
High school students are encouraged to complete CTS modules 1010, 1020, 1030 and 1060.
- c) Previous experience in the industry is beneficial but not essential

Program Requirements

First Year

Fall Semester: September - December

- COM 1010 - Communications and Personal Management
- HRT 1300 - Plant Selection
- PRH 1020 - Production Horticulture Fundamentals
- PLS 1010 - Plant Science Principles
- SOI 1000 - Fundamentals of Soil Science

Winter Semester: January - April

- ACT 1000 - Recordkeeping
- PRH 2300 - Plant Applications
- WTR 1530 - Production Irrigation
- PLS 1310 - Ecological Principles and Weed Management

- HRM 1010 - Human Resources Management
OR
- MKG 1020 - Principles of Marketing

Second Year

Fall Semester: September - December

- PRH 1520 - Fall Greenhouse Crops
- PRH 1620 - Field Production of Floristry Crops
- PRH 1720 - Fruit Production
- PRH 1920 - Vegetable Production
- PRH 2250 - Diseases of Horticultural Crops

Winter Semester: January - April

- MGT 1510 - Professional Practice
- PRH 1820 - Nursery Production
- PRH 2020 - Winter Greenhouse Crops
- PRH 2560 - Production Pest Management
- HRT 2500 - Horticulture Post-Harvest Handling and Processing

Total Credits

Total Credits First Year:	30
Total Credits Second Year:	30
Total Required Credits:	60

Graduation Requirements

To obtain a diploma a student must achieve:

1. A minimum of 60 credits
2. A cumulative GPA of 2.00 or better
3. Completion of all required courses as listed in the program requirements
4. Fulfillment of the Graduation Policy – Residency Requirements
5. Successful completion of the Olds College Writing Proficiency Exam

Race Horse Groom Training Program

Program Summary

15 Weeks

Winter/Spring 2012 (includes a two-week practicum) Tentative start date - February 7, 2011

Location: Olds College and Northlands Park - Edmonton.

In co-operation and funded by Horse Racing Alberta.

Accredited by Advanced Education.

Admission Requirements

18 years of age or older

Appropriate information and references

Interview

Course Fees

\$700 + Current Student Fees

\$250 Material Fees

Employment Opportunities

The horse racing industry needs trained entry-level workers right now. Students will discover a training program that exposes them to a variety of employment options with the Alberta Horse Racing Industry. Work with leading trainers and get valuable practical experience and the opportunity to fill the shortages in the areas of trained personnel. Our graduates have multiple job offers by the completion of the course!

Program Description

This program is a serious introduction to horse racing in Alberta and the basics of working as a racetrack groom. You will learn horse handling techniques, grooming, feeding and nutrition, conformation and body conditioning, health care, first aid and bandaging techniques, tack and equipment usage, and stable management for the flat race track and the harness race track.

Program Requirements

Courses are waiting for approval.

- GRM 6001 - Introduction to the Horse
- GRM 6002 - Race Stable and Race Horse Management
- GRM 6003 - Training and Racing
- GRM 6004 - Work Place Regulation and Safety
- GRM 6005 - Personal Development and Employability

Total Credits

Total Credits: 15

Graduation Requirements

Race Horse Groom Training students must complete the prescribed course of studies and attain an overall average grade of C (2.00) to be certified. Grades are determined both in class and during the practice period.

To obtain a certificate students must achieve the following:

1. A minimum of 15 credits.
2. A cumulative GPA of 2.00
3. Completion of all required courses as listed in the program requirements.
4. Satisfactory completion of the practical experience and/or assignments.

Transitional Vocational Program

Program Summary

ONE-YEAR CERTIFICATE

Two Semesters
Fall: August - December
Winter: January - June

Program Details

FALL ENTRY ONLY

The information you are receiving is current but please be advised that all programs are subject to revision.

Program Description, Employment Opportunities

Please see the Fact Sheet at : <http://www.oldscollege.ca/programs/pdfs/factsheets/TVP.pdf>

Admission Requirements

A student must:

- a) Be at least 18 years-of-age
- b) Have a developmental disability
- c) Bring past program and educational reports
- d) Provide previous assessments (if available)
- e) Provide two letters of reference from past school or employers
- f) Provide two names of phone references from past employers or schools

All suitable applicants are interviewed.

Work Placement

Students receive assistance at the end of their program with resumes, contacts and support in the area of employment search. A one-year follow-up is continued to provide this assistance.

I. Work Experience I and II

Students participate in work experiences within the community of Olds and/or Olds College. This practical hands-on work experience occurs from September to the beginning of April.

2. TVP Work Practicum

Students participate in an off-campus work practicum usually back in their home area. This work practicum is to provide students with extended employment training and hopefully leads to full-time employment for the student.

Program Requirements

Summer Semester: August

- TVP 1010 - Transition to College Life

Fall Semester: September - December

- TVP 1020 - Personal and Financial Management
- TVP 1030 - Workplace Communications
- TVP 1040 - Transition to Workplace
- TVP 1110 - Work Experience I

Winter Semester: January - April

- TVP 1050 - Consumer Skills
- TVP 1060 - Employment Search
- TVP 1070 - Workplace Relations
- TVP 1120 - Work Experience II

Spring Semester

- TVP 1130 - Work Practicum

Total Credits

Graduation Requirements

To obtain a certificate, a student must achieve acceptable evaluations in class work, work experiences and in the final work practicum.

1. Completion of all required courses.
2. Completion of 30 credits.

Turfgrass Management

Program Summary

Two-Year Diploma

Four Semesters - Fall Entry Only

- Fall: September - December
- Winter: January - April

Program Details

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/Turfgrass.pdf>

Admission Requirements

Applicants must have:

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50 or better in Pure Math 20 or Applied Math 20
- d) 50 or better in Biology 20 and Chemistry 20 OR Science 30

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office.

NOTE:

- a) It is recommended that students entering under Alternate Admission Status register for CSS 6000 – College Success Skills offered the week before classes begin in the Fall.
This course will contribute 2 credits to your credit requirements and will be counted as an elective.
- b) It is also strongly recommended that students acquire keyboarding skills and gain experience in the use of a common office software package, which includes word processing and spreadsheets.
High school students are encouraged to complete CTS modules 1010, 1020, 1030 and 1060.
- c) Previous experience in the industry is beneficial but not essential

Further Olds College Opportunities

Graduates who have achieved a GPA of 2.50 are eligible to apply for the Olds College Bachelor of Applied Science degree program.

Program Requirements

First Year

Total First Year Credits: 30

Fall Semester: September - December

- ACT 1000 - Recordkeeping
- COM 1010 - Communications and Personal Management
- PLS 1010 - Plant Science Principles
- SOI 1410 - Urban Soils
- TRF 1200 - Introductory Turfgrass Management

Winter Semester: January - April

- MGT 1510 - Professional Practice
- CAD 1000 - Site Assessment Methods
- PLS 1320 - Weed Ecology and Management
- WTR 1430 - Introductory Golf Course Irrigation

Spring/Summer Semester: May - August

Students will be expected to complete summer projects as assigned for credit within second-year course competencies.

Second Year

Total Second Year Credits: 30

Fall Semester: September - December

- ELM 2040 - Urban Forestry
- TRF 2700 - Principles of Golf Course Construction
- TRF 2720 - Golf Course Pesticide Application
- TRF 2710 - Turf Pest Management
- WTR 2730 - Advanced Golf Course Irrigation

Winter Semester: January - April

- SOI 2411 - Advanced Golf Course Soils

- TRF 2100 - Turf Equipment Maintenance
- TRF 2300 - Golf Course Management
- TRF 2400 - Advanced Turfgrass Management
- TRF 2600 - Golf Course Design

Total Credits

Graduation Requirements

To obtain a diploma a student must achieve:

1. A cumulative GPA of 2.00 or better
2. Completion of all required courses as listed in the program requirements
3. Fulfillment of the Graduation Policy – Residency Requirements
4. Successful completion of the Olds College Writing Proficiency Exam

Veterinary Medical Receptionist

Program Summary

Two-Semesters

Fall: September - December

Winter: January - April

Four Weeks Work Experience following the Winter Semester

FALL ENTRY ONLY

The information that you are receiving is current but please be advised that all programs are subject to revision.

One Year Certificate

Program Details

Admission Requirements

- a) High school diploma or its equivalent with
- b) 50% or better in English Language Arts 30-1 or 30-2
- c) 50% or better in Pure Math 20 or Applied Math 20
- d) 50% or better standing in Biology 20

OR

General requirements for Alternate Admission Status:

- May be required to meet specific program prerequisites
- Acceptance will be based on approval of the program coordinator and the Registrar's Office
- It is recommended that students entering under Alternate Admission Status register for STDY 100 – College Success Skills offered the week before classes begin in the Fall.

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/pdfs/factsheets/VMR.pdf>

Program Expectations

1. Volunteer or paid work experience (minimum of 20 hours) specifically related to the receptionist duties will be an asset to applicants of the program.
2. Students in the VMR program are expected to follow a dress code as written in the VMR Policy Handbook.

Students are required to supply the following:

- Scrubs (minimum 2 sets)
 - Coveralls (recommend 2 sets)
 - Rubber boots (recommend purchasing an insulated pair and non-insulated pair)
 - Wrap around lab coats are to be purchased at the Olds College Campus Store (recommend purchasing at least 2 coats - approximate cost per coat is \$45.00)
3. Students are actively involved in animal care throughout the program.
This will include several, week long rotations involving evenings, weekends and holidays.
Students are on these rotations from September to April.
Students should be in good health and physically capable of performing the program requirements such as lifting, walking dogs outdoors in all weather conditions, and operating cattle handling facilities.
 4. All students enrolled in the VMR program are required to be immunized against Rabies. The Rabies vaccine series will be provided
at Olds College during the first few weeks of the academic year. Students who have received the rabies vaccination previously will be required to provide verification upon request.

Transfer Agreements

Transfer Agreements in process.

Program Requirements

Fall Semester: September - December

- OFA 1200 - Document Processing
- VMR 1010 - Animal Health Systems and Management
- VMR 1020 - Animal Breeds, Handling, Behaviour and Welfare
- VMR 1030 - Veterinary Business Software
- AHT 1050 - Client Relations in Animal Health Care

Winter Semester: January - April

- CMP 2800 - Business Software III
- COM 1005 - Communication and Career Preparation
- VMR 1510 - Infectious Diseases and Prevention
- VMR 1520 - Veterinary Procedures Awareness
- VMR 1530 - VMR Office Procedures

Spring Semester: May - June

- VMR 2950 - Industry Practicum

Total Credits

Total Credits: 30

Graduation Requirements

To obtain a certificate students must achieve the following:

1. 1. A cumulative GPA of 2.000 or better on written and skills evaluation
2. 2. Fulfillment of the Graduation Policy - Residency Requirement
3. 3. Completion of all courses listed in the program requirements - 30 credits
4. 4. Typing Speed of 30 wpm
5. 5. Successful completion of the Olds College Writing Proficiency Exam
6. 6. Satisfactory completion of practical experience and/or assignments as required

Veterinary Technical Assistant

On-Campus Program to learn how to safely handle and restrain animals to assist veterinarians and animal health technologists.

Program Summary

One Semester starting in January 2012

Program Details

Program Description, Tuition Deposit, Employment Opportunities

Please see the Fact Sheet at: <http://www.oldscollege.ca/programs/VTA/index.htm>

Admission Requirements

Applicants must have:

- a) High School Diploma or its equivalent
- b) 50% or better in Pure or Applied Math 20
- c) 50% or better in English Language Arts 30-1 or 30-2
- d) 50% or better in Biology 20

OR

Alternate Admissions Status:

Alternate Admission Status applies if you do not meet the Alberta High School requirements of the program to which you are applying, or if you received your high school education through home based learning. Alternate Admission Status students may be required to meet specific program admission requirements. To apply under this status, you must submit a transcript(s) showing any completed high school and post-secondary courses, a statement in support of your application outlining aspects of your background and experience that might have prepared you for the program. Documents such as a resume, letters of reference from previous educators or employers and/or a portfolio of related academic/project work must be included with your application.

Program Requirements

Winter Semester: January - April

Total Credits

Total Credits: 15 credits

Graduation Requirements

To earn a certificate students must achieve the following.

1. A total of 15 credits.
2. A GPA of 2.00 or better.
3. Completion of all required courses as outlined in the program requirements.
4. Fulfillment of the Graduation Policy - Residency Requirement
5. Successful completion of the Olds College Writing Proficiency Exam

Career Opportunities

Students will have the opportunity to be employed in Veterinary clinic, animal shelters, boarding facilities and pet stores.

Many veterinary hospitals employ assistant staff to work with veterinarians and animal health technologists to provide basic supportive care to animals.

Welding Apprenticeship

Please see the Apprenticeship Programs for information.

PRH 2250 - Diseases of Horticultural Crops

PRH 2300 - Plant Applications

PRH 2500 - Arthropod Management in Production Systems

PRH 2560 - Production Pest Management

PRH 3520 - Crop Modeling

PRH 3540 - Biotechnology

SOI 1000 - Fundamentals of Soil Science

SOI 1410 - Urban Soils

SOI 2340 - Soil Classification and Mapping

SOI 2410 - Urban Soil Applications

SOI 2411 - Advanced Golf Course Soils

SOI 2500 - Sustainable Soil Management

SOIL 100 - Soil Investigations

TEC 1000 - Technician Basics

TEC 1026 - Braking and Trailer Systems

TEC 1100 - Hydraulic and Electrical Basics

TEC 1133 - Agricultural Equipment I

TEC 1404 - Engine Fundamentals and Systems

TEC 1504 - Engine Service and Repair

TEC 1522 - Starting and Charging Systems

TEC 1604 - Diesel Fuel Systems

TEC 2126 - Hydraulic Shift Transmissions

TEC 2218 - Steering and Suspension

TEC 2226 - Off Road Systems

TEC 2305 - Hydraulics II

TEC 2338 - HVAC Systems

TEC 2433 - Agricultural Equipment II

TEC 2436 - On Road Power Trains

TEC 2705 - Hydraulics III

TEC 2722 - Electrical and Electronic Diagnostics

TEC 2733 - Agricultural Equipment Repair

TEC 2749 - Heavy Equipment Repair

TRF 1200 - Introductory Turfgrass Management

TRF 1710 - Turf Pest Management

TRF 2100 - Turf Equipment Maintenance

TRF 2300 - Golf Course Management

TRF 2400 - Advanced Turfgrass Management

TRF 2600 - Golf Course Design

TRF 2700 - Principles of Golf Course Construction

TRF 2710 - Turf Pest Management

TRF 2720 - Golf Course Pesticide Application

TRF 2760 - Turfgrass Diseases

TRF 4000 - Golf Course Master Planning

TRF 4100 - Environmental Management for Golf Courses

TVP 1010 - Transition to College Life

TVP 1020 - Personal and Financial Management

TVP 1030 - Workplace Communications

TVP 1040 - Transition to Workplace

TVP 1050 - Consumer Skills

TVP 1060 - Employment Search

TVP 1070 - Workplace Relations

TVP 1110 - Work Experience I

TVP 1120 - Work Experience II

TVP 1130 - Work Practicum

VMR 1010 - Animal Health Systems and Management

VMR 1020 - Animal Breeds, Handling, Behaviour and Welfare

VMR 1030 - Veterinary Business Software

VMR 1510 - Infectious Diseases and Prevention

VMR 1520 - Veterinary Procedures Awareness

VMR 1530 - VMR Office Procedures

VMR 2950 - Industry Practicum

WLD 1167 - Introductory Welding

WLD 2167 - Intermediate Welding

WTR 1330 - Water Fundamentals

WTR 1430 - Introductory Golf Course Irrigation

WTR 1530 - Production Irrigation

WTR 2030 - Landscape Irrigation

WTR 2330 - Water Quality

WTR 2630 - Watershed Management

WTR 2730 - Advanced Golf Course Irrigation

Alphabetical Listing of Courses

Olds College

School of Agriculture

Animal Health Technology

Equine Science

Agricultural Management

Meat Processing

Veterinary Medical Receptionist

Farrier Science

Race Horse Groom Training Program

Exercise Rider/Jockey Training Program

Equine Dental Technology

Veterinary Technical Assistant

School of Business

General Studies

Business Administration

Office Administration

Fashion Marketing

Apparel Technology

Bachelor of Applied Science - Agribusiness Technology

School of Environment

Bachelor Applied Science - Horticulture

Environmental Horticulture

Land Administration

Land Agent

Land & Water Resources

Production Horticulture

Turfgrass Management

Landscape Gardener Apprenticeship

School of Trades

Agriculture and Heavy Equipment Certificate

Agriculture and Heavy Equipment Diploma

Transitional Vocational Program

Apprenticeship Programs

Pre-Employment Carpentry

12 Week Course to enter Apprenticeship

Pre-Employment Heavy Equipment Technician

12 Week course to enter Apprenticeship

Pre-Employment Welder

12 Week course to enter Apprenticeship

Academic Division – Learning Enhancement and International
